

## Focus On Pronunciation 2 3rd Edition

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

This volume was conceived as a "best practices" resource for pronunciation and speaking teachers in the way that Vocabulary Myths by Keith S. Folse is one for reading and vocabulary teachers. Like others in the Myths series, this book combines research with good pedagogical practices. The book opens with a Prologue by Linda Grant (author of the Well Said textbook series), which reviews the last four decades of pronunciation teaching, the differences between accent and intelligibility, the rudiments of the English sound system, and other factors related to the ways that pronunciation is learned and taught. The myths challenged in this book are: § Once you've been speaking a second language for years, it's too late to change your pronunciation. (Derwing and Munro) § Pronunciation instruction is not appropriate for beginning-level learners. (Zielinski and Yates) § Pronunciation teaching has to establish in the minds of language learners a set of distinct consonant and vowel sounds. (Field) § Intonation is hard to teach. (Gilbert) § Students would make better progress if they just practiced more. (Grant) § Accent reduction and pronunciation instruction are the same thing. (Thomson) § Teacher training programs provide adequate preparation in how to teach pronunciation (Murphy). The book concludes with an Epilogue by Donna M. Brinton, who synthesizes some of the best practices explored in the volume.

"The new edition of Focus on Pronunciation gives beginning to high-beginning students the tools, tips, and techniques they need to speak clearly, accurately, and fluently. All aspects of pronunciation are included -- consonants, vowels, stress, rhythm, and intonation. The variety of activities and flexible, accessible style make learning fun. Features: Presentation sections feature clear explanations and diagrams. Focused Practice sections build accuracy with high-interest listening and speaking tasks and engaging games. Communication Practice sections integrate pronunciation and fluency with practice in a communicative thematic context. Natural English boxes illustrate how to speak English more naturally and fluently. Extended Practice sections encourage continued accuracy and fluency practice outside of class. The CD in the back of the book provides MP3 audio for the Extended Practice sections. Classroom Audio CDs provide the complete audio program"-- Publisher's website.

Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

Clearer pronunciation for better communication If your English accent is letting you down, this is the perfect book for you. You'll see and hear how to soften the influence of your mother tongue and speak clear English everyone will understand. Professional accent coaches Sarah and Helen show you how to pronounce each sound and when to use them. They will help you recognize why your native language makes you mispronounce certain sounds and which sounds you therefore need to focus on. Collins Work on your Accent features: Thirty-six units on the main consonant and vowel sounds in English "What am I doing wrong?" section looks at the mistakes you are most likely to be making based on your native language Advice on rhythm, stress and pitch Videos, illustrations and photos demonstrating the correct positions to produce accurate sounds A DVD-ROM with video and audio clips providing clear nativespeaker model pronunciation Extra practice sections concentrating on the most problematic sounds CEF level B1-C2 Suitable for self-study and classroom use.

This volume fills a gap by introducing readers to whole courses focused on teaching the pronunciation of English as a second, foreign, or international language. This collection is designed to support more effective pronunciation teaching in as many language classrooms in as many different parts of the world as possible and to serve as a core text in an ESOL teacher development course dedicated to preparing pronunciation teachers. Teaching the Pronunciation of English illustrates that pronunciation teaching is compatible with communicative, task-based, post-method, and technology-mediated approaches to language teaching. This theme permeates the volume as a whole and is well represented in Chapters 3-12, which are dedicated to specialist-teachers' firsthand depictions of pronunciation-centered courses. Each of these ten chapters features a set of innovative teaching strategies and contemporary course design structures developed by the chapter contributor(s). To prepare readers to more fully appreciate the substance and quality of Chapters 3-12, the volume's two initial chapters are more foundational. Chapters 1 and 2 provide an overview of core topics language teachers need to know about to become pronunciation teachers: the suprasegmentals (thought groups, prominence, word stress, intonation, and pitch jumps) and the English consonants and vowel sounds.

"This course offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy, drawing on both current theory and practice. The text provides: - an overview of teaching issues from the perspective of different methodologies and second language acquisition research - innovative teaching techniques - a thorough grounding in the sound system of North American English - insight into how this sound system intersects with spelling, morphology, listening, and discourse - diagnostic tools and assessment measures - suggestions for syllabus design. Discussion questions and exercises encourage teachers to draw on their personal language learning/teaching experience as they assimilate the contents of each chapter. A training cassette offers practice in assessing learners' pronunciation"--Publishers's website.

"Come for the mounting horror and scares, but stay for a devastating examination of the nature of family secrets." - New York Times book review "[A] scary, highly entertaining debut...that pays homage to Shirley Jackson." - South Florida Sun Sentinel A Most Anticipated Book Goodreads \* Publishers Weekly \* Crime Reads \* Popsugar \* Bookish \* #1 Loanstar Pick in Canada An Indie Next pick! A Library Reads Pick! The Blair Witch Project meets Midsommar in this brilliantly disturbing thriller from Camilla Sten, an electrifying new voice in suspense. Documentary filmmaker Alice Lindstedt has been obsessed with the vanishing residents of the old mining town, dubbed "The Lost Village," since she was a little girl. In 1959, her grandmother's entire family disappeared in this mysterious tragedy, and ever since, the unanswered questions surrounding the only two people who were left—a woman stoned to death in the town center and an abandoned newborn—have plagued her. She's gathered a small crew of friends in the remote village to make a film

about what really happened. But there will be no turning back. Not long after they've set up camp, mysterious things begin to happen. Equipment is destroyed. People go missing. As doubt breeds fear and their very minds begin to crack, one thing becomes startlingly clear to Alice: They are not alone. They're looking for the truth... But what if it finds them first? Come find out. English File third edition offers more support for teachers and students. Teacher's Book provides over 100 photocopiables to save preparation time, plus extra tips and ideas. Classroom Presentation Tool brings your classroom to life with the Student's Book and Workbook, on-screen and interactive.

The best-selling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible exercises, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated Twelfth Edition reflects the latest updates to English usage and grammar and features a two-color design and lay-flat binding for easy photocopying. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction.

**NATIONAL BESTSELLER** • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Gitars* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

The new edition of *Focus on Pronunciation* gives beginning to high-beginning students the tools, tips, and techniques they need to speak clearly, accurately, and fluently. Complete online Answer Keys and Audioscripts are available online.

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: \* 170,000 words, phrases and examples \* New words: so your English stays up-to-date \* Colour headwords: so you can find the word you are looking for quickly \* Idiom Finder \* 200 'Common Learner Error' notes show how to avoid common mistakes \* 25,000 collocations show the way words work together \* Colour pictures: 16 full page colour pictures On the CD-ROM: \* Sound: recordings in British and American English, plus practice tools to help improve pronunciation \* UNIQUE! Smart Thesaurus helps you choose the right word \* QUICKfind looks up words for you while you are working or reading on screen \* UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing \* Hundreds of interactive exercises

The book contains contributions from practitioners and theoreticians who explore the pronunciation of English from various perspectives: phonetic, phonological, psycholinguistic and sociolinguistic. In accordance with the unifying theme of the volume, individual contributions investigate the characteristics of a foreign accent, its production and perception, study the development of methods and techniques in pronunciation teaching, evaluate their use in classroom materials and in the classroom itself, and investigate the conditions for second language learning and teaching from the perspective of learners and teachers. The book offers a unique combination of a scholarly research with practical applications, inspired over the years by the work of Professor Włodzimierz Sobkowiak, who has researched pronunciation teaching and pioneered technology-oriented, corpus-based approaches to the study of English pronunciation in Poland.

This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it,

whatever the age or mother tongue of their students. It will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than any other alphabetic orthography. However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to graphemes and vice versa. It enables searches for particular words, so that one can easily find, not the meanings or pronunciations of words, but the other words with which those with unusual phoneme-grapheme/grapheme-phoneme correspondences keep company. Other unique features of this book include teacher-friendly lists of correspondences and various regularities not described by previous authorities, for example the strong tendency for the letter-name vowel phonemes (the names of the letters ) to be spelt with those single letters in non-final syllables.

Focus on Pronunciation 2 gives intermediate students the tools, tips, and techniques to help them speak English clearly and accurately. The variety of activities and accessible style makes learning fun. A five-part structure allows focused practice in individual sound areas: Vowels; Consonants; Syllables and Stress in Words; Rhythms; and Intonation. Features Clear explanations and diagrams make the text easy to use. Engaging activities, including games and high-interest listening and speaking tasks, guide students from controlled practice to communicative interaction. Self-study material and audio CDs offer students a wealth of practice outside the classroom.

From the USA Today bestselling author of *The Kiss Quotient* comes a romantic novel about love that crosses international borders and all boundaries of the heart... Khai Diep has no feelings. Well, he feels irritation when people move his things or contentment when ledgers balance down to the penny, but not big, important emotions—like grief. And love. He thinks he's defective. His family knows better—that his autism means he just processes emotions differently. When he steadfastly avoids relationships, his mother takes matters into her own hands and returns to Vietnam to find him the perfect bride. As a mixed-race girl living in the slums of Ho Chi Minh City, Esme Tran has always felt out of place. When the opportunity arises to come to America and meet a potential husband, she can't turn it down, thinking this could be the break her family needs. Seducing Khai, however, doesn't go as planned. Esme's lessons in love seem to be working...but only on herself. She's hopelessly smitten with a man who's convinced he can never return her affection. With Esme's time in the United States dwindling, Khai is forced to understand he's been wrong all along. And there's more than one way to love.

Pronunciation Games is a photocopiable resource book for use with students of elementary to proficiency level.

Varied vocabulary tests with answers; new to the popular English Vocabulary in Use series. Varied vocabulary tests with answers; new to the popular English Vocabulary in Use series.

"This is not a book about charismatic visionary leaders. It is not about visionary product concepts or visionary products or visionary market insights. Nor is it about just having a corporate vision. This is a book about something far more important, enduring, and substantial. This is a book about visionary companies." So write Jim Collins and Jerry Porras in this groundbreaking book that shatters myths, provides new insights, and gives practical guidance to those who would like to build landmark companies that stand the test of time. Drawing upon a six-year research project at the Stanford University Graduate School of Business, Collins and Porras took eighteen truly exceptional and long-lasting companies -- they have an average age of nearly one hundred years and have outperformed the general stock market by a factor of fifteen since 1926 -- and studied each company in direct comparison to one of its top competitors. They examined the companies from their very beginnings to the present day -- as start-ups, as midsize companies, and as large corporations. Throughout, the authors asked: "What makes the truly exceptional companies different from other companies?" What separates General Electric, 3M, Merck, Wal-Mart, Hewlett-Packard, Walt Disney, and Philip Morris from their rivals? How, for example, did Procter & Gamble, which began life substantially behind rival Colgate, eventually prevail as the premier institution in its industry? How was Motorola able to move from a humble battery repair business into integrated circuits and cellular communications, while Zenith never became dominant in anything other than TVs? How did Boeing unseat McDonnell Douglas as the world's best commercial aircraft company -- what did Boeing have that McDonnell Douglas lacked? By answering such questions, Collins and Porras go beyond the incessant barrage of management buzzwords and fads of the day to discover timeless qualities that have consistently distinguished out-standing companies. They also provide inspiration to all executives and entrepreneurs by destroying the false but widely accepted idea that only charismatic visionary leaders can build visionary companies. Filled with hundreds of specific examples and organized into a coherent framework of practical concepts that can be applied by managers and entrepreneurs at all levels, *Built to Last* provides a master blueprint for building organizations that will prosper long into the twenty-first century and beyond.

Modelland - the FIERCE NEW NOVEL BY TYRA BANKS—IS OUT! No one gets in without being asked. And with her untamable hair, large forehead, and gawky body, Tookie De La Crème isn't expecting an invitation. Modelland—the exclusive, mysterious place on top of the mountain—never dares to make an appearance in her dreams. But someone has plans for Tookie. Before she can blink her mismatched eyes, Tookie finds herself in the very place every girl in the world obsesses about. And three unlikely girls have joined her. Only seven extraordinary young women become Intoxibellas each year. Famous. Worshipped. Magical. What happens to those who don't make it? Well, no one really speaks of that. Some things are better left unsaid. Thrown into a world where she doesn't seem to belong, Tookie glimpses a future that could be hers—if she survives the beastly Catwalk Corridor and terrifying Thigh-High Boot Camp. Along the way, she learns all about friendship, courage, laughter and what it feels like to start to believe in yourself. When you enter the fantastical world of Modelland, you'll see that Tookie was inspired by Tyra's life as a supermodel. All those crazy and wild adventures Tookie has with her friends?

Some of them were ripped straight from the headlines of Tyra's life! Tyra knows all about beauty and fashion and fierceness, and she shares everything here in MODELLAND. It's fun, zany, and 100 bazillion-percent Tyra. You don't want to miss Tyra's amazing new novel! From the Hardcover edition.

It's not what you say, it's the way that you say it ... There have long been debates about 'correct' pronunciation in the English language, and Britain's most distinguished linguistic expert, David Crystal, is here to set the record straight. *Sounds Appealing* tells us exactly why, and how, we pronounce words as we do. Pronunciation is integral to communication, and is tailored to meet the demands of the two main forces behind language: intelligibility and identity. Equipping his readers with knowledge of phonetics, linguistics and physiology - with examples ranging from Eliza Doolittle to Winston Churchill - David Crystal explores the origins of regional accents, how they are influenced by class and education, and how their peculiarities have changed over time. *Political Ideologies* provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: *Political Ideologies* is accompanied by comprehensive online resources, to support political ideology courses. For students: \* Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking;\* Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers:\* Indicative answers to questions in the book provide a framework for approaching these;\* Powerpoint slides to support each chapter, providing an overview and key points to help with planning;\* Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.

This easy-to-read pronunciation guide helps language learners speak English more clearly and confidently, using everyday language examples and special exercises for both self-study and collaborative work. It shows how speakers of English as a foreign language can avoid being misunderstood in various contexts. The book examines how the Spanish language influences English pronunciation, concentrating on 11 fundamental pronunciation issues that have been observed in Spanish speakers of all ages around the world. The online audios feature native speakers communicating in real-life words and sounds. Learners can practice their listening skills and compare their own speaking to standard English accents and pronunciation.

This volume brings together papers relating to the pronunciation of Semitic languages and the representation of their pronunciation in written form. The papers focus on sources representative of a period that stretches from late antiquity until the Middle Ages. A large proportion of them concern reading traditions of Biblical Hebrew, especially the vocalisation notation systems used to represent them. Also discussed are orthography and the written representation of prosody. Beyond Biblical Hebrew, there are studies concerning Punic, Biblical Aramaic, Syriac, and Arabic, as well as post-biblical traditions of Hebrew such as piyyu? and medieval Hebrew poetry. There were many parallels and interactions between these various language traditions and the volume demonstrates that important insights can be gained from such a wide range of perspectives across different historical periods.

Up-to-date volume, organized for quick access to phrases related to greetings, transportation, shopping, emergencies, other common circumstances. Over 700 entries include terms for modern telecommunications, idioms, slang. Phonetic pronunciations accompany phrases.

*Pronunciation Pairs* is a classic listening and pronunciation text that teaches students to recognize and produce all of the speech sounds of North American English. It also covers important features such as word and sentence stress, and intonation.

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

A finalist for the National Book Critics Circle Award and the PEN Open Book Award, and winner of the 2020 Giller Prize, this revelatory story collection honors characters struggling to find their bearings far from home, even as they do the necessary "grunt work of the world." A failed boxer painting nails at the local salon. A woman plucking feathers at a chicken processing plant. A housewife learning English from daytime soap operas. A mother teaching her daughter the art of worm harvesting. In her stunning debut story collection, O. Henry Award winner Souvankham Thammavongsa focuses on characters struggling to make a living, illuminating their hopes, disappointments, love affairs, acts of defiance, and above all their pursuit of a place to belong. In spare, intimate prose charged with emotional power and a sly wit, she paints an indelible portrait of watchful children, wounded men, and restless women caught between cultures, languages, and values. As one of Thammavongsa's characters says, "All we wanted was to live." And in these stories, they do—brightly, ferociously, unforgettably. Unsentimental yet tender, taut and visceral, *How to Pronounce Knife* announces Souvankham Thammavongsa as one of the most striking voices of her generation. "As the daughter of refugees, I'm able to finally see myself in stories." —Angela So, *Electric Literature*

'Speakout' is a 6-level general English course for adults developed in association with the BBC; bridging the gap between the classroom and the real world helping students express themselves in English.

"A handbook for hunting and punishing witches to assist the Inquisition and Church in exterminating undesirables. Mostly a compilation of superstition and folklore, the book was taken very seriously at the time it was written in the 15th century and became a kind of spiritual law book used by judges to determine the guilt of the accused"--From publisher description.

*Clear Speech, Second Edition*, is a highly successful and innovative pronunciation course for intermediate and advanced students of English. The Teacher's Resource Book contains an overview of the book, and contains invaluable, creative ideas for presenting the teaching points, as well as theoretical background. In addition, it contains a suggestions for additional activities, and an exercise answers.

The *Grammar Book* introduces teachers and future teachers to English grammatical constructions. This highly acclaimed text, used both as a course book and as a grammar reference guide, is suitable for all

teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.
