'There is a dreamer in every soul. He knows the mind of God concerning our lives. He is the hand of God that writes our lives stories. What is your life story? Do you know the script you ought to play? There is a story teller in your heart. He whispers at night in your deep sleep. He will tell you the secret to the dream of your life. Can you see him while you are awake? Can you hear him in your intuition? He walks in your soul day and night. He never ceases to ask you the same question: 'Where is the Soul I have been sent to help'? In Secrets to Divine Manifestations, Alain Yaovi M. Dagba guides the reader in a spiritual adventure that leads to self-awareness. He emphasized that to be aware of our 'self' is to be aware of the presence of God in us, and fully accept our true divine identity. He shows in his writing that, by simply uncovering what we really are, we are able to overcome anything, any form of 'evil, ' even the most predicted threatening events of our time. His teachings are centered on the belief that, by learning to easily tap into the life of our divine nature, we can change our consciousness, thus positively affect the vibration of our planet, while reaching perfect peace and happiness. In this noble adventure of discovering the divinity in the core of our being, we come to

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

an intentional community called Findhorn. They lived by applying principles of attracting to oneself, through love, whatever materials, energy, or help were needed to promote wholeness or further growth. David Spangler, who was one of those early residents of Findhorn, began writing down how those laws worked. In 1975, his writings were first published as *The Laws of Manifestation*. This long-unavailable book is now available again with a new introduction by the author. Spangler shows how we can all transform our lives by working with these natural laws. In clear and lucid prose, he recounts the history of manifestation and how to grow in spiritual riches (the most important of all) in a step-by-step guide to enlightenment. While other experts in this suddenly burgeoning field tend toward applying manifesting energy toward real estate, money, and myriad materials, Spangler looks at the basis of what he describes as a change of form, or state, or condition of being, NOT creating something out of nothing.

There are laws that control how this energy flows and where it goes just as there are laws of gravity and laws of growth. The more you know about these laws the easier it is to navigate the energy you need in the right direction. No wonder that even stars like Will Smith, Jim Carrey, Oprah Winfrey, and Lady Gaga swear by manifestation as the secret to their success. Jim Carrey makes it sound really simple. He says: "As far as I can tell, it's just about letting the universe know what you want and then working towards it while letting go of how it comes to pass." Yet, there are reasons why some people are better at manifesting than others. There

This title contains two books, which are the following: Book 1: Have you seen any signs from the universe? Are things going

your way or do you wish that things would be better? These are some of the things people asking themselves when they want to work on their future. I hope you have asked yourself the same things, because the secret key is in the chapters of this book. The first part of this book will go over finding your soulmate. Once you have found him or her, be sure to fight to keep the relationship intact and don't lose it. Next, the book will talk about reasons that you might not be rich yet. Sure, there are the obvious ones, like the economy or your job, but there may be hidden factors that are blocking you from achieving the income level that you are after. In the last section of this guide, you will be shown what kinds of signs the universe puts in your path. To ignore them, would be foolishness. Therefore, learn more about them, and you will have greater success in aligning your with the universe's.

Book 2: How can you be happier? What does science say about it? These and many other questions will be answered. There is a literal Q&A in this book about the law of attraction, joy, and other topics related to it. Another topic in this book, is vibrations. As some of us know (maybe you do, too), the law of attraction is based on vibrations. Those vibrations are sent out and attract the things we want because of our thoughts and behavior. Raising our vibrations, therefore, would be crucial to accomplish our dreams. Here, you will learn how to do that, because it is definitely possible.

Manifestation is about exploring your inner self and exploring it to that extent where your dreams can become part of your regular life. Yes, it is true and it is very much possible because there are people who have learned the art of manifestation and they have made their dreams come true and there is a law known as the law of attraction. In this eBook I will tell you the whole philosophy behind manifestation and behind the law of attraction. These two terms may sound confusing to you but if you go little deep and search about

them then, you will know that both of these terms are part of our regular life and with little effort you can learn how to control them.

In this book, the author writes vividly about the person of the Antichrist and his manifestations. In part 1, he interprets the book of Revelation to expose the hidden kingdom of the Antichrist and the False Prophet. In part 2, he interprets many prophetic visions and dreams seen by some people of God in US during the period 2003 to 2005. He then interprets his own dreams and visions seen by him during 1980s. Through these prophetic visions and dreams, he validates the revelations in the book of Revelation. In part 3, he writes about the end-time events, especially, the plagues like corona virus, etc, that afflicted the world in March 2020 as an end-time event. People affected by corona virus were those who worshipped the beast and his image and who have not come out of the fallen Babylon. According to the author, these people had the mark of the beast on their foreheads suffering from the plagues unleashed by Apollyon, the fallen angel of the bottomless pit. Nowadays, we read many articles on the Antichrist. Many writers opine that the Antichrist is yet to rule this world and those national leaders of this world are on the lookout for one world ruler with charisma who can bring peace to this strife-torn world and who can avert a possible third world war. Some writers are of the view that the Antichrist will be a Jew who would be accepted by the nation of Israel as the Messiah. Some others hold the view that the Antichrist is the Pope of Rome. In this book, the author was inspired by the Holy Spirit to expose the Antichrist on the basis of the Scriptures in the prophetic book of Daniel, and the New Testament books of 2 Thessalonians, I and II John and Revelation. We have been taught for decades that the Antichrist is the one who would make a debut towards the end of the age and would persecute the true Christians. Let

us study the book of Revelation prayerfully. The whole book of Revelation is allegorical only. It has to be interpreted prophetically. The 13th chapter of Revelation reveals the personality and the character of the Antichrist, the first beast and of the False Prophet, the second beast. John does not give us the specific titles or names he saw on the head of the beast rising from the sea. But we can infer something of their nature by understanding John's times, and noting that each of the beast's heads had a "blasphemous name" (verse 1). This symbolism identifies the beast as the Roman Empire. Till this day as you read this message, the Antichrist is not yet revealed. When he is revealed in the world, we will come to know of him. He will be revealed in flesh and blood. He may be an apostate Christian from the Jewish race. Paul reveals this person as "the Wicked", "the man of sin", and "the son of perdition". The Antichrist is the king of an invisible kingdom, which will become powerful in the last of last days. This invisible kingdom will be visible to us through its world rulers. He influences some political leaders or the rulers of some powerful Christian nations to do his own will. If he influences non-Christian nations, we can easily identify him and his hidden agenda against the Church. In some Christian nations, certain laws were passed which directly impacted the Church. These rulers, in order to win the great multitudes of non-Christian population in their countries and other nations, have compromised the Word of God and the Christian faith. Much has been said about the law of attraction and some have called it "the secret". However, this topic is only a secret for those that didn't know it yet as it has been mentioned and used for thousands of years. Most of the information is kept under the cover of faith and religious believe, and many have used this knowledge to control people and lead them within political agendas; others have used it for personal gaining while hiding it from everyone else. Whatsoever is the case there's still plenty to learn about the law of attraction or the law of dream manifestation. Most books discussing it will show strategies, techniques and methods to obtain what we wish for in our life but they still hide the main secrets. These Authors show us what to do but not how it works, why it works or the purpose of its existence. After decades of personal studies on spirituality, a simplification within a specific theory was possible to explain

more than anyone ever said about this issue. This book doesn't intend to represent any religious dogma in particular and was written based on the insights from several spiritual believes, ancient and modern, as well as known and secret to the public. Religion promotes a life philosophy and, although very misleading, also talks about universal truth. This paradigm is being noticed by modern science, which in some fields attests the dogma and in others reveals its fallacy. We're now much closer to know what is true, false or merely half-true. Quantum Physics, for example, is still at its starting point but much has explained already. Willing to describe a more complete understanding matching all these subjects, the Author will here reveal what he knows with a reasonable and humble perspective based on personal experiences. This book will not make any promises regarding becoming a millionaire or famous and none of the theories here exposed are immune to failure. Instead, it will explain how personal and spiritual growth matches the law of attraction and how we can understand life and the changes in our reality better while applying the necessary responsibility we must have as the spiritual beings that we are. The following chapters are supported by the Author's background and studies in Religious Societies, Greek Philosophy, Chinese Philosophy, Modern Psychology and Psychopedagogy, related to the mechanism of life and the anatomy of the spirit, as well as these sources' acknowledgement in what can be applied to the law of attraction. The theory presented is complete, flexible, simple and practical, allowing an easy assimilation to any lifestyle. With this knowledge the reader will have the power to change reality and manifest his own desires, while understanding all the dynamics involved in such process. The major success of the first edition wasn't expected but the Author took into consideration all kind opinions and uplifting reviews to improve this second edition and make it even more

filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love. Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you don't believe you will ever find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of your dreams. The techniques, rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.

The Constitution of Shambhala The theme of the first of the two parts of this volume concerns the feminine deva hierarchy, their relation to Hierarchy and Shambhala. Many concepts are introduced that most seekers have little cognisance (e.g., the nature of the deva Lord Varuna). The Mother of the World's role is revealed, and the feminine function in cosmos, (e.g., the Pleiades). Advanced teaching concerning the Lord of the World (Sanat Kum?ra), and the higher Initiations are provided. The second part is a long esoteric poem detailing many inner plane revelations concerning the type of vision obtained when accessing Shambhala, plus Initiation teachings

What are the metaphysical commitments which best 'make sense' of our scientific practice (rather than our scientific theories)? In this book, Andreas Hüttemann provides a minimal metaphysics for scientific practice, i.e. a metaphysics that refrains from postulating any structure that is explanatorily irrelevant. Hüttemann closely analyses paradigmatic aspects of scientific practice, such as prediction, explanation and manipulation, to consider the questions whether and (if so) what metaphysical presuppositions best account for these practices. He looks at the role which scientific generalisation (laws of nature) play in predicting, testing, and explaining the behaviour of systems. He also develops a theory of causation in terms of quasi-inertial processes and interfering factors, and he proposes an account of reductive practices that makes minimal metaphysical assumptions. His book will be valuable for scholars and advanced students working in both philosophy of science and metaphysics.
