Life has gotten a bit boring for Zuria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?

“Like Curt Flood and Oscar Robertson, who paved the way for free agency in sports, Ed O’Bannon decided there was a principle at stake... O’Bannon gave the movement to reform college sports...passion and purpose, animated by righteous indignation.” —Jeremy Schaap, ESPN journalist and New York Times bestselling author In 2009, Ed O’Bannon, once a star for the 1995 NCAA Champion UCLA Bruins and a first-round NBA draft pick, thought he’d made peace with the NCAA’s exploitive system of “amateurism.” College athletes generated huge profits, yet—training nearly full-time, forced to tailor coursework around sports, often pawns in corrupt investigations—they saw little from those riches other than revocable scholarships and miniscule chances of going pro. Still, that was all in O’Bannon’s past...until he saw the video game *NCAA Basketball 09*. As avatars of their college selves—their likenesses, achievements, and playing styles—O’Bannon and his teammates were still making money for the NCAA. So, when asked to fight the system for players past, present, and future—and seeking no personal financial reward, but rather the chance to make college sports more fair—he agreed to be the face of what became a landmark class-action lawsuit. Court Justice brings readers to the front lines of a critical battle in the long fight for players’ rights while also offering O’Bannon’s unique perspective on today’s NCAA recruiting scandals. From the basketball court to the court of law facing NCAA executives, athletic directors, and “expert” witnesses; and finally to his innovative ideas for reform, O’Bannon breaks down history’s most important victory yet against the inequitable model of multi-billion-dollar “amateur” sports.
