Energizing the visual landscape since 1968, New York City's community murals beautify, educate, protest, celebrate, and often motivate residents to action. Collaborations between artists and neighborhood groups, these painted walls reflect the social, cultural, and political climate of their times. The result of six years of research and hundreds of interviews, On the Wall brings to light murals that were hitherto "lost" to history or unknown outside their immediate surroundings. Documenting six chronological periods, the book highlights significant murals and introduces the artists and sponsors that created them. In relating the many fascinating stories behind the murals, the authors describe the interactions between artists and residents--including the controversies that have

led to the destruction of several notable murals. On the Wall gathers together 150 color images and offers an aesthetic perspective on New York's community murals in a lively and perceptive history. Janet Braun-Reinitz, a painter and community muralist, is the president of Artmakers Inc. and coauthor, with Rochelle Shicoff, of *The Mural Book: A Practical Guide for Educators*. Jane Weissman, a writer and public relations professional, has been a participating artist and project director of several Artmakers murals. Amy Goodman is the host and executive producer of Pacifica Radio's *Democracy Now!* Denis Moynihan is outreach director of *Democracy Now!* Timothy W. Drescher is an independent mural historian and photographer and the author of *San Francisco Bay Area Murals: Communities Create Their Muses, 1904-1997*.

This early work on the Oxford Group is both expensive and hard to find in its first edition. It contains details on the religious organisation founded by American Christian missionary Dr. Frank Buchman. This is a fascinating work and thoroughly recommended for anyone interested in the history of the Oxford Group. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. No Beethoven chronicles the life and times of drummer Peter Erskine, with the legendary band Weather Report being the nexus to this first-hand account. Erskine was in the midst of the modern American jazz music scene as it underwent its most dynamic change. Peter Erskine is a musician of his times with incredibly rich stories to tell in this autobiography. Including never-before published photographs. No Beethoven includes chapters dedicated to Weather Report and the musicians Joe Zawinul, Jaco Pastorius, and Wayne Shorter, plus the bands Steps Ahead, Steely Dan, and artists such as Elvin Jones, Joni Mitchell, Freddie Hubbard, Diana Krall, Steve Gadd, producer Manfred Eicher, composers John Williams, and Mark-Anthony Turnage, et al. The book provides a revealing look at the creative process involved in performing music on-stage and in the recording studio, as well as a behind-the-scenes look at how the musical instrument industry operates. This is a book for all musicians and fans of music. As famed drummer and Rush founder Neil Peart writes: No Beethoven is among the best musical autobiographies I have read. Peter's story is absorbing and compelling, full of well-drawn characters and incidents both humorous and serious. It flows with the same ease and naturalness as his drumming, and under that good-humored gloss, it conveys the same profundity of experience and ideas. This book should be read not only by every drummer, but by every musician. Even amateurs of music performance will find it entertaining and worthwhile.

Victor C. Kitchen was a New York City advertising executive who wrote one of the Oxford Group's most important books. He also went to the same Oxford Group meetings as Bill Wilson, who later became the co-founder of Alcoholics Anonymous. This is a book about A. A.'s roots in the Oxford Group, as seen through the pages of Kitchen's work. It explains how the key ideas, which the two movements shared, arose out of the evolution of the modern evangelical movement. The author begins with John Wesley's Aldersgate experience in 1738 and traces this understanding of the healing power of grace down to Kitchen's and Bill W's time, traversing en route the world of nineteenth century revivalism, the Keswick holiness movement, and the early twentieth century foreign missionary effort. The great theme, around which all of this is centered, is that of God's grace as the power to change human character itself. This book shows what faith and grace are really about. It shows how even faith mixed with doubt can lead us into true spiritual awakening, and it explains the basic nuts and bolts required to obtain a constant conscious contact with a God of our understanding. "Each century produces a small handful of great spiritual books. I believe strongly that *Changed by Grace* is going to prove one of the greatest of our present century. The best way to describe it is to say that it does for us today what William James' *Varieties of Religious Experience* did for the world of a hundred years ago."--John Barleycorn in *The Waynedale News*.

Magnum photographer Antoine D'Agata has become a little too intimate with the subject of his photo series. In order to get to know the seamy side of Cambodia, he goes to the end of the end. In Phnom Penh, he moves in with a drug-addicted prostitute named Lee, who not only allows D'Agata to photograph her, but shares her crack pipe and her bed with him as well. When she asks him what he really wants from her, he admits that he hopes the pictures will earn him money. D'Agata has been throwing himself into projects like this for twenty years now, despite the fact that he is blind in his right eye and myopic in his left. This has not stood in the way of his career as a photographer of the subclass. On the contrary, it's the darkness that brought me up. The film camera employs a similar observational yet alienating style, following the couple from up close while they spend weeks in a stuffy room, in voluntary confinement. The claustrophobic atmosphere of this documentary debut is interspersed with gruesome street shots and uncompromising photos by D'Agata, who has increasing doubts about his profession as a photographer. Journalist Philippe Azoury is worried and comes for a visit, forcing D'Agata to question his unorthodox working method. Together, they discuss the emotional life that underlies the photographers work. Cung Le—Kickboxing champion, MMA champion, and undefeated San Shou World Champion—has proven himself an elite fighter. After a highly successful wrestling career, he turned his sights to San Shou (or Sanda)—a Chinese-based full contact sport that utilizes punch-kick combinations and allows takedowns and throws. With his brilliant kickboxing and wrestling skill set, it didn't take Le long to excel at San Shou. Utilizing spectacular kicks and earth shattering throws, Le dazzled the masses. In San Shou, Cung Le details his fighting system and the application of these skills in the MMA arena.

A Simon & Schuster book

Marty Mann was the first woman to achieve long-term sobriety in Alcoholics Anonymous, and she inspired thousands of others, especially women, to help themselves. The little-known life of Marty Mann rivals a Masterpiece Theatre drama. She was born into a life of wealth and privilege, sank to the lowest depths of poverty and despair, then rose to inspire thousands of others, especially women, to help themselves. The first woman to achieve long-term sobriety in Alcoholics Anonymous, Marty Mann advocated the understanding that alcoholism is an issue of public health, not morality. In their fascinating book, Sally and David Brown shed light on this influential figure in recovery history. Born in Chicago in 1905, Marty was favored with beauty, brains, charisma, phenomenal energy, and a powerful will. She could also out drink anyone in her group of social elites. When her father became penniless, she was forced into work,

landed a lucrative public relations position, and a decade later was destitute because of her drinking. She was committed to a psychiatric center in 1938—a time when the term alcoholism was virtually unknown, the only known treatment was "drying out," and two men were compiling the book *Alcoholics Anonymous*. Marty read it on the recommendation of psychiatrist Dr. Harry Tiebout: it was her first step toward sobriety and a long, illustrious career as founder of the National Council on Alcoholism, or NCA. In the early 1950s, journalist Edward R. Murrow selected Marty as one of the 10 greatest living Americans. Marty died of a stroke in 1980, shortly after addressing the AA international convention in New Orleans. This is a story of one woman's indefatigable effort and indomitable spirit, compellingly told by Sally and David Brown.

This is a book about sinners, for sinners, by quite a big sinner. You may not like it. You may even hate it, as some are sure to do. You may dislike the theme, for, though it introduces lovely people, it comes to grips with an unlovely subject. And solves its riddle. You may dislike the characters as they are limned in print, but not in real life. As they are all living, you may encounter them yourself someday, and discover their excellence. At least one will live on as an historic figure when this generation has merged with the ages. Perhaps many. Meanwhile, none can disprove the contents of this book or avoid its challenge. The story is true; the challenge is to you.

Chronicles the experiences of the author, a religion reporter, and his friendships with Aldous Huxley, Gerald Heard, and Bill Wilson, three men who had profound effects on the religion and spirituality of the twentieth century.

Part autobiography, part fiction, this early work by the author of *The Master and Margarita* shows a master at the dawn of his craft, and a nation divided by centuries of unequal progress. In 1916 a 25-year-old, newly qualified doctor named Mikhail Bulgakov was posted to the remote Russian countryside. He brought to his position a diploma and a complete lack of field experience. And the challenges he faced didn't end there: he was assigned to cover a vast and sprawling territory that was as yet unvisited by modern conveniences such as the motor car, the telephone, and electric lights. The stories in *A Country Doctor's Notebook* are based on this two-year window in the life of the great modernist. Bulgakov candidly speaks of his own feelings of inadequacy, and warmly and wittily conjures episodes such as peasants applying medicine to their outer clothing rather than their skin, and finding himself charged with delivering a baby—having only read about the procedure in text books. Not yet marked by the dark fantasy of his later writing, this early work features a realistic and wonderfully engaging narrative voice—the voice, indeed, of twentieth century Russia's greatest writer.
