Welcome to Burden Hill -- a picturesque little town adorned with white picket fences and green, green grass, home to a unique team of paranormal investigators. Beneath this shiny exterior, Burden Hill harbors dark and sinister secrets, and it's up to a heroic gang of dogs -- and one cat -- to protect the town from the evil forces at work. These are the Beasts of Burden Hill -- Pugs, Ace, Jack, Whitey, Red and the Orphan -- whose early experiences with the paranormal (including a haunted doghouse, a witch's coven, and a pack of canine zombies) have led them to become members of the Wise Dog Society, official animal agents sworn to protect their town from evil. This turns out to be no easy task, as they soon encounter demonic cannibal frogs, tortured spirits, a secret rat society, and a bizarre and deadly resurrection in the Burden Hill cemetery -- events which lead to fear and heartbreak as our four-legged heroes discover that the evil within Burden Hill is growing and on the move. Can our heroes overcome these supernatural menaces? Can evil be bested by a paranormal team that doesn't have hands? And even more importantly, will Pugs ever shut the hell up? Adventure, mystery, horror, and humor thrive on every page of Beasts of Burden -- a comic-book series that will capture readers' hearts and haunt their dreams. Award-winning comics creators Evan Dorkin (Milk and Cheese) and Jill Thompson (Scary Godmother) first introduced these very special investigators in The Dark Horse Book of Hauntings and the other Dark Horse Book of . . . anthologies, for which they won coveted Eisner Awards for Best Short Story and Best Painter. Those first tales are collected here, along with the comic series Beasts of Burden issues #1-#4.

Thus begins an exploration of why a young man would take the mantle of a superhero.

What do you get when you throw three murderers into one prison cell together? Well, when those characters happen to be based on the likenesses of celebrities Frank Vincent (Goodfellas, Raging Bull, The Sopranos), Marky Ramone (formerly of The Ramones) and Brea Grant (Heroes, Dexter), you can bet that the outcome will be anything but ordinary. From the creator of IDW's hit series Crawl to Me (now in development to become a feature film), comes Alan Robert's Killlogy, an off-the-wall, genre-busting mash-up of crime, dark comedy, and horror.

The best of Sally's acclaimed short stories from the past 15 years, including the complete first two issues of Recidivist, navigating the messy and murky waters of human experience with unflinching veracity. One man's heartfelt and irreverent record of his time on this rock, Zak Sally's unflinchingly veracious book, Like a Dog, is both direct and oblique, which we find rather miraculous considering the messy and murky waters of human experience it manages to navigate. Like a Dog is among the few comic book testimonials burdened by the yen to understand and articulate the mundane and the magnificent. Don't be surprised if you find yourself laughing and crying as you claw your way through each hard fought page!

Turncoat follows the story of Duke, the world's worst superhero assassin, and his constant battle with his ex-wife-and-rival assassin, Sharon. Duke is always one step behind Sharon, constantly missing out on the "big hit" that will set him for life. (It certainly doesn't help matters that he only ever seems to go up against D-list superheroes like "Bug-Boy" and "Freedom Fighter".)
