1750, when times were tough and teeth were rotten... As part of an ancient family tradition, young Atticus Van Tasticus narrowly escapes a life down the coal mines – or worse, going to school – when he gets to choose the gift of a pirate ship from his Grandnan's treasure pile. It's a choice that will change the course of history – well, OK, his story, at least. Atticus pulls together a rag-tag bunch misfits – AHEM – a tough, brilliant crew, and sets out to wreak havoc – I mean – live a piratin' life. With little else to his name, Atticus has a taste for adventure, beauty and danger – where any minute might be your last, and your next minute could be your best (...if only they could get off the dock).

Widely regarded as the standard reference in the field, this comprehensive handbook presents state-of-the-art knowledge about the nature and classification of learning disabilities (LD), their causes, and how individuals with these difficulties can be identified and helped to succeed. Best practices are described for supporting student performance in language arts, math, and other content areas. Contributors also identify general principles of effective instruction and review issues in service delivery within response-to-intervention (RTI) frameworks. The book critically examines the concepts and methods that guide LD research and highlights important directions for future investigation. New to This Edition: *Incorporates key advances in identifying and remediating LD, with particular attention to the role of RTI. *Chapters on social cognitive, behavioral genetic, and neurobiological aspects. *Chapters on adolescents and adults with LD. *Chapters on spelling instruction, history instruction, and classroom technology applications. *Chapter synthesizing 21st-century advances in LD research methods, plus chapters on advanced statistical models, single-case designs, and meta-analysis.

Codes are made for cracking. What secrets are hiding in these engaging enigmas? Readers of this interactive book will find out. They'll stretch their problem-solving muscles with these perplexing coded puzzles. Riddles help readers develop critical and creative thinking skills. Handy intros to each puzzle help readers in a pinch. Charming illustrations accompany each riddle. Readers will practice their language, logic, and math skills while having fun.

Doubles are good for lots of things—double scoops of ice cream, double features at the movies. But double vision is NOT a good kind of double. In fact, it can make kindergarten kind of hard. Ginny sees double chairs at reading circle and double words in her books. She knows that only half of what she sees is real, but which half? The solution to her problem is wondrously simple: an eye patch! Ginny becomes the pirate of kindergarten. With the help of her pirate patch, Ginny can read, run, and even snip her scissors with double the speed! Vibrant illustrations from Lynne Avril capture the realities of what Ginny sees both before and after.

In this book you'll learn how to: tap into your passion as a teacher - even when you're less than excited about the subject; develop creative presentations that capture your students' interest; establish rapport and a sense of camaraderie in your classroom; transform your class into a life-changing experience for your students. --from back cover.

The Pirate

Teach Like a Pirate

From Mensa(R) comes a series of super-challenging puzzles that go way beyond the average crossword--and also offer an authentic treasure-trove of wordplay demanding some skilled solving. Here's how they go: each clue has two parts. One is the normal definition of an answer, while the other features a little linguistic playfulness--maybe an anagram, perhaps a pun, and sometimes even a word written backward. And the hitch is...there's usually no indication of which comes first, or punctuation to mark the division. You've got to see through the clue-maker's deceptions and tease out the correct answer by rethinking the clue's wording. Some of the irresistible language trickery includes double definitions, hidden answers, homophones, and containers.

Fans of DAUGHTER OF THE PIRATE KING and OUTLANDER give praise for The Dark Tides Series! Get all six #1 International Bestselling books in this Pirate Fantasy Romance box set! "A time travelling adventure that will give Outlander a run for its money!" - InD'Tale Magazine When Dianna accidentally breaks an enchanted ship-in-a-bottle, she's washed away to 1707 Newfoundland and taken prisoner aboard a pirate ship. Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.
