A powerful and “stunning” (Publishers Weekly, starred review) selection of the best of John Edgar Wideman’s short stories over his fifty-year career, representing the wide range of his intellectual and artistic pursuits. When John Edgar Wideman won the PEN Malamud Award in 2019, he joined a list of esteemed writers—from Eudora Welty to George Saunders—all of whom are acknowledged masters of the short story. Wideman’s commitment to short fiction has been lifelong, and here he gathers a representative selection from throughout his career, stories that “have a wory, brooding spirit, a lonely intelligence...[and] air the problem of consciousness, including the fragile contingency of our existence” (The New York Times). Wideman’s stories are grounded in the streets and the people of Homewood, the Pittsburgh neighborhood of his childhood, but they range far beyond there, to the small western towns of Wyoming and historic Philadelphia, the contemporary world and the ancient past. He explores the interior lives of his characters, and the external pressures that shape them. These stories are as intellectually intricate as they are rich with the language and character. “Wideman has been compared to William Faulkner and James Baldwin...[these] prove that he is every bit as masterful a cartographer of the American spirit as his forebears” (Esquire). Comprised of thirty-five stories drawn from past collections (American Histories, Briefs, God’s Gym, All Stories Are True, Fever, and Damballah), and an introductory essay by the National Book Critics Circle board member and scholar Walton Muyumba, this volume of Wideman’s selected stories celebrates the lifelong significance of this major American writer’s essential contribution to a form—illuminating the ways that he has made it his own. “If there were any doubts Wideman belongs to the American canon, this puts them to bed” (Publishers Weekly, starred review).

An American couple drives from Paris to Rome in a hearse. A baker in Paris chases a tourist with a breadknife. A shoe wanders from hotel to hotel. And a landlady shows her lodger with pride how she torments her pets. In the Sistine Chapel in Rome, a wife discovers to her horror that her blind husband can actually see Michelangelo’s frescoes.

This unlikely cat and mouse duo will win young chapter book readers over with their ridiculously silly antics and their search for tasty treats! Ugly Cat was supposed to meet up with his brother Tamarindo so that they could go on a search for the best albondigas (meatballs) in the neighborhood, but then Tamarindo never showed up! Now Ugly Cat and his impeccably dressed mouse friend, Pablo, are on a mission to find Ugly’s brother. But when all signs are pointing to the haunted Old Herrera House, can they figure out a way to sneak in, rescue Tamarindo, and make it out in one piece?

Completely out of her element, she takes a temporary job as a ranch hand at Bennett Ranch. She only has to survive long enough to get her car fixed, and then she’s out of there for good. Her bad luck continues when she meets the ranch owner, Elena Bennett. Elena is unhappy, abrasive, and annoyingly breathtaking. But the longer Julia stays, the more the ranch starts to feel like home, and her feelings for Elena become impossible to ignore. Between 1512 and 1570, Florence underwent dramatic political transformations. As citizens jockeyed for prominence, portraits became an essential means not only of recording a likeness but also of conveying a sitter’s character, social position, and cultural ambitions. This fascinating book explores the ways that painters (including Jacopo Pontormo, Agnolo Bronzino, and Francesco Salviati), sculptors (such as Benvenuto Cellini), and artists in other media endowed their works with an erudite and self-consciously stylish character that made Florentine portraiture distinctive. The Medici family had ruled Florence without interruption between 1434 and 1494. Following their return to power in 1512, Cosimo I de’ Medici, who became the second Duke of Florence in 1537, demonstrated a particularly shrewd ability to wield culture as a political tool in order to transform Florence into a dynastic duchy and give Florentine art the central position it has held ever since. Featuring more than ninety remarkable paintings, sculptures, works on paper, and medals, this volume is written by a team of leading international authors and presents a sweeping, penetrating exploration of a crucial and vibrant period in Italian art.

The pink ring he leaves in the tub creates is a very BIG pink problem when he transfers the stubborn stain from the bath onto Mother's white dress, Dad's shoes, the floors, the walls, and ultimately, over the entire yard full of snow! Will the kids EVER clean up the mess? You bet they will, with some help from the Cat and his helpers: 26 miniature cats (AKA Little Cats A-Z) who live inside the Cat's hat! Contemporary American horror literature for children and young adults has two bold messages for readers: adults are untrustworthy, unreliable and often dangerous; and the monster always wins (as it must if there is to be a sequel). Examining the young adult horror series and the religious horror series for children (Left Behind: the Kids) for the first time, and tracing the unstoppable monster to Seuss's Cat in the Hat, the author aims to shed new light on the problematic message produced by the combination of marketing and books for contemporary American young readers.

Two children sitting at home on a rainy day meet the cat in the hat who shows them some tricks and games.

Acclaimed New York Times bestselling author Lynne Truss (Eats, Shoots & Leaves) is back with a mesmerizing and hilarious tale of cats and murder For people who both love and hate cats comes the tale of Alec Charlesworth, a librarian who finds himself suddenly alone: he’s lost his job, his beloved wife has just died. Overcome by grief, he searches for clues about her disappearance in a file of interviews between a man called “Wiggy” and a cat, Roger. Who speaks to him. It takes a while for Alec to realize he’s not gone mad from grief, that the cat is actually speaking to Wiggy . . . and that much of what we fear about cats is true. They do think they’re smarter than humans, for one thing. And, well, it seems they are! What’s more, they do have nine lives. Or at least this one does – Roger’s older than Methuselah, and his unblinking stare comes from the fact that he’s seen it all. And he’s got a tale to tell, a tale of shocking local history and dark forces that may link not only the death of Alec’s wife, but also several other local deaths. But will the cat help Alec, or is he one of the dark forces? In the deft and comedic hands of mega-bestseller Lynne Truss, the story is as entertaining as it is addictive” (The Sunday Telegraph) – an increasingly suspenseful and often hysterically funny adventure that will please cat lovers and haters alike. And afterwards, as one critic noted, “You may never look at a cat in quite the same way again” (The Daily Mail).

Up-beat, pragmatic, and chock full of advice, What Works for Women at Work is an indispensable guide for working women. An essential resource for any working woman, What Works for Women at Work is a comprehensive and insightful guide for mastering office politics as a woman. Authored by Joan C. Williams, one of the nation’s most-cited experts on women and work, and her daughter, writer Rachel Dempsey, this unique book offers a multi-generational perspective into the realities of today’s workplace. Often women receive messages that they have only themselves to blame for failing to get ahead—Negotiate more! Stop being such a wimp! Stop being such a witch! What Works for Women at Work tells women it’s not their fault. The simple fact is that office politics often benefits men over women. Based on interviews with 127 successful working women, over half of them women of color, What Works for Women at Work presents a toolkit for getting ahead in today’s workplace. Distilling over 35 years of research, Williams and Dempsey offer four crisp patterns that affect working women: Prove-It-Again!, the Tightrope, the Maternal Wall, and the Tug of War. Each represents different challenges and requires different strategies—which is why women need to be savvy than men to survive and thrive in high-powered careers. Williams and Dempsey’s analysis of working women is nuanced and in-depth, going far beyond the traditional cookie-cutter, one-size-fits-all approaches of most career guides for women. Throughout the book, they weave real-life anecdotes from the women they interviewed, along with quick kernels of advice like a “New Girl Action Plan,” ways to “Take Care of Yourself,” and even “Comeback Lines” for dealing with sexual harassment and other difficult situations.

The Proverbial Cat is a collection of delightful cat illustrations by artist Sydney Hauser. Over the years, Hauser's works of art and calligraphy have been tremendously popular among cat lovers. Her ability to capture feline expressions allows her to create illustrations that are warm and wise, with just a touch of "cattitude!" But it was not always the case - years ago there was an old cotter and his wife who enjoyed trapping and killing the cats of their neighbours. The locals were frightened by the odd couple, and no one dared to put a stop to their nonsense. Things changed, however, when a certain traveller arrived in the town. When his black kitten suddenly disappeared, he decided to pray - with unexpected consequences. 'The Cats of Ulthar' is H. P. Lovecraft's thrilling short story first published in 1920. H.P. Lovecraft (1890-1937) was an American horror writer. His best known works include 'The Call of Cthulhu' and 'the Mountains of Madness'. Most of his work was originally published in pulp magazines, and Lovecraft rose into fame only after his death at the age of 46. He has had a great influence in both horror and science fiction genres.

Racism is resilient, duplicitous, and endlessly adaptable, so it is no surprise that America is again in a period of civil rights activism. A significant reason racism endures is because it is structural: it's embedded in culture and in institutions. One of the places that racism hides-and thus perhaps the best place to oppose it-is books for young people. Was the Cat in the Hat Black? presents five serious critiques of the history and current state of children's literature tempestuous relationship with both implicit and explicit forms of racism. The book fearlessly examines topics both vivid-such as The Cat in the Hat's roots in blackface minstrelsy-and more opaque, like how the children's book industry can perpetuate structural racism via whitewashed covers even while making efforts to increase diversity. Rooted in research yet written with a lively, crackling touch, Nel delves into years of literary criticism and recent sociological data in order to show a better way forward. Though much of what is proposed here could be endlessly argued, the knowledge that what we learn in childhood imparts both subtle and explicit lessons about whose lives matter is not debatable. The text concludes with a short and stark proposal of actions everyone-reader, author, publisher, scholar, citizen- can take to fight the biases and prejudices that infect children's literature. While Was the Cat in the Hat Black? does not assume it has all the answers to such a deeply systemic problem, its audacity should stimulate discussion and activism.

The second volume of the first paperback edition of *The Poems of T. S. Eliot* This two-volume critical edition of T. S. Eliot's poems establishes a new text of the Collected Poems 1909-1962, rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut, "The Love Song of J. Alfred Prufrock." In addition to the masterpieces, *The Poems of T. S. Eliot* contains the poems of Eliot's youth, which were rediscovered only decades later; poems that circulated privately during his lifetime; and love poems from his final years, written for his wife, Valerie. Calling upon Eliot's critical writings as well as his drafts, letters, and other original materials, Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem. Following the collected and uncollected poems of the first volume, this second volume opens with the two books of verse of other kinds that Eliot issued: the children's verse of *Old Possum's Book of Practical Cats*, and *Anabasis*, his translation of St.-John Perse's *Anabase*. This volume then gathers the verses that Eliot contributed to the learnedly lighthearted exchanges of *Noctes Binanianæ*, and others that he wrote off-the-cuff or for intimate friends. Each of these sections is accompanied by its own commentary. Finally, pertaining to the entire edition, there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse.

This book is the first complete study of the life and work of the 17th century Dutch painter Pieter Codde (1599-1678). Alongside Rembrandt, Codde was active in Amsterdam, the largest and busiest city of the Netherlands. Codde belonged to the first generation of painters who took part in the cultural phenomenon known as the Dutch Golden Age and therefore this monograph makes a significant contribution to our understanding of the early stages of development of the Dutch school of painting and its influence on later developments. The book includes a biography of the painter as well as a systematic and comparative iconographical and stylistic study of his work with an attached extensive critical oeuvre catalogue. This book is an important tool for both art enthusiasts and collectors as well as art professionals such as students, scholars, auctioneers and art dealers.

A humorous collection of dozens of photos of funny and adorable cats as they play with, roll in, and chow down their favorite snack of choice -- catnip. Cats love catnip. Whether it's eating it, playing with it, or rolling around in it, catnip turns our domestic feline friends into hilarious balls of activity. Carefree and unconstrained, they are free to be silly, exceptionally playful, and downright gnarly. Professional pet photographer and self-confessed crazy cat man Andrew Marttila (the photographer behind Shop Cats of New York) captures a range of the cats' silly and expressive personalities as they react to their catnip trip. Delightful, elegant Fluffy transforms into a hell-bent renegade. Shy, reserved Mittens becomes a free-loving acrobat. In the blink of an eye, a cat's expression transforms from bored to inquisitive to playful to curious to bizarre . . . to utterly unhinged. A fun and delightful look at our furry companions, this gift book is perfect for every cat lover.

Revisit the fan-favorite Cat Dupree series from New York Times best-selling author Sharon Sala, together for the first time in one complete box set *Nine Lives* Bounty hunter Cat Dupree first cheated death when she was thirteen. The second time left her orphaned and scarred. And the only thing that will diminish her lust for revenge is finding the man who left her for dead. Every job she takes is an opportunity to invade the criminal world that hides the tattooed man who ruined her life. And she hopes to hunt him down on her current mission into the rugged deserts of Mexico, where there is no law to watch her back. Without her knowledge, bondsman Wilson McKay is on the same job, and trailing Cat is the fastest way to find his man. He's willing to share resources—and the reward—especially if that means getting to know the lonely woman beneath Cat's tough, take-no-prisoners exterior. Life's taught Cat that the surest way to land on her feet is to work alone, but Wilson might be the man to change her mind—when they're not competing for jobs or ready to kill each other. Cut Throat Throat slashed and left for dead next to her murdered father, a thirteen-year-old girl vows to hunt down the man who did this to them—Solomon Tutuola. Now grown, bounty hunter Cat Dupree lets nothing—or no one—stand in the way of that deadly promise. Not even her lover, Wilson McKay. Their sexually charged encounters leave McKay wanting more, but Cat is determined to keep her distance. She doesn't need a man making emotional demands, not now, when revenge is near. Suspecting that Tutuola is still alive, despite witnessing the horrific explosion that should have killed him, Cat follows a dangerous money trail to Mexico, swearing not to return until she's certain Tutuola is dead—even if it means destroying her very soul... Bad Penny Cat Dupree would love nothing more than to settle down and build a life with fellow bounty hunter Wilson McKay. But Soloman Tutuola--the man who murdered her father and slashed her throat when she was thirteen--haunts her even from the grave. An investigator from Mexico is tracking down the person who is responsible for Tutuola's death--and the trail leads directly to Cat. To add to her bad luck, a junkie with a vendetta is stalking Wilson and is willing to kill anyone who gets in the way of his revenge. Desperate to start their future together, Cat and Wilson turn the manhunt around--vowing to do whatever it takes to find freedom from the past and the scars that have damaged them both.
