

Dr Umar Johnson

#1 NEW YORK TIMES BESTSELLER • David Brooks challenges us to rebalance the scales between the focus on external success— “ résumé virtues ” —and our core principles. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ECONOMIST With the wisdom, humor, curiosity, and sharp insights that have brought millions of readers to his New York Times column and his previous bestsellers, David Brooks has consistently illuminated our daily lives in surprising and original ways. In *The Social Animal*, he explored the neuroscience of human connection and how we can flourish together. Now, in *The Road to Character*, he focuses on the deeper values that should inform our lives. Looking to some of the world ’ s greatest thinkers and inspiring leaders, Brooks explores how, through internal struggle and a sense of their own limitations, they have built a strong inner character. Labor activist Frances Perkins understood the need to suppress parts of herself so that she could be an instrument in a larger cause. Dwight Eisenhower organized his life not around impulsive self-expression but considered self-restraint. Dorothy Day, a devout Catholic convert and champion of the poor, learned as a young woman the vocabulary of simplicity and surrender. Civil rights pioneers A. Philip Randolph and Bayard Rustin learned reticence and the logic of self-discipline, the need to distrust oneself even while waging a noble crusade. Blending psychology, politics, spirituality, and confessional, *The Road to Character* provides an opportunity for us to rethink our priorities, and strive to build rich inner lives marked by humility and moral depth. “ Joy,” David Brooks writes, “ is a byproduct experienced by people who are aiming for something else. But it comes. ” Praise for *The Road to Character* “ A hyper-readable, lucid, often richly detailed human story. ” —The New York Times Book Review “ This profound and eloquent book is written with moral urgency and philosophical elegance. ” —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* “ A powerful, haunting book that works its way beneath your skin. ” —The Guardian “ Original and eye-opening . . . Brooks is a normative version of Malcolm Gladwell, culling from a wide array of scientists and thinkers to weave an idea bigger than the sum of its parts. ” —USA Today

Woodson’s classic work of criticism explores how the education received by blacks has failed to give them an appreciation of themselves as a race and their contributions to history. Woodson puts forward a program that calls for the educated to learn about their past and serve the black community. (Education/Teaching)

In America ’ s Constitution, one of this era ’ s most accomplished constitutional law scholars, Akhil Reed Amar, gives the first comprehensive account of one of the world ’ s great political texts. Incisive, entertaining, and occasionally controversial, this “ biography ” of America ’ s framing document explains not only what the Constitution says but also why the Constitution says it. We all know this much: the Constitution is neither immutable nor perfect. Amar shows us how the story of this one relatively compact document reflects the story of America more generally. (For example, much of the Constitution, including the glorious-sounding “ We the People, ” was lifted from existing American legal texts, including early state constitutions.) In short, the Constitution was as much a product of its environment as it was a product of its individual creators ’ inspired genius. Despite the Constitution ’ s flaws, its role in guiding our republic has been nothing short of amazing. Skillfully placing the document in the context of late-eighteenth-century American politics, America ’ s Constitution explains, for instance, whether there is anything in the Constitution that is unamendable; the reason America adopted an electoral college; why a president must be at least thirty-five years old; and why—for now, at least—only those citizens who were born under the American flag can become president. From his unique perspective, Amar also gives us unconventional wisdom about the Constitution and its significance throughout the nation ’ s history. For one thing, we see that the Constitution has been far more democratic than is conventionally understood. Even though the document was drafted by white landholders, a remarkably large number of citizens (by the standards of 1787) were allowed to vote up or down on it, and the document ’ s later amendments eventually extended the vote to virtually all Americans. We also learn that the Founders ’ Constitution was far more slavocratic than many would acknowledge: the “ three fifths ” clause gave the South extra political clout for every slave it owned or acquired. As a result, slaveholding Virginians held the presidency all but four of the Republic ’ s first thirty-six years, and proslavery forces eventually came to dominate much of the federal government prior to Lincoln ’ s election. Ambitious, even-handed, eminently accessible, and often surprising, America ’ s Constitution is an indispensable work, bound to become a standard reference for any student of history and all citizens of the United States.

As a leader in teaching, training, and transforming boys in Detroit, Jason Wilson shares his own story of discovering what it means to “ be a man ” in this life-changing memoir. His grandfather ’ s lynching in the deep South, the murders of his two older brothers, and his verbally harsh and absent father all worked together to form Jason Wilson ’ s childhood. But it was his decision to acknowledge his emotions and yield to God ’ s call on his life that made Wilson the man and leader he is today. As the founder of one of the country ’ s most esteemed youth organizations, Wilson has decades of experience in strengthening the physical, mental, and emotional spirit of boys and men. In *Cry Like a Man*, Wilson explains the dangers men face in our culture ’ s definition of “ masculinity ” and gives readers hope that healing is possible. As Wilson writes, “ My passion is to help boys and men find strength to become courageously transparent about their own brokenness as I shed light on the symptoms and causes of childhood trauma and ’ father wounds. ’ I long to see men free themselves from emotional incarceration—to see their minds renewed, souls weaned, and relationships restored. ”

Kick fear-based living to the curb and discover exactly how to manifest the life of your dreams! Is there another level of life that you want to live? Are there goals you've been struggling to achieve? It's time to stop settling for excuses and start achieving excellence! With nearly two decades of experience working with high achievers globally, peak performance expert Delatorro McNeal II is passionate about teaching people how to live life full throttle. As a motorcycle enthusiast, McNeal uses powerful biking metaphors to vividly illustrate how to reject the monotony of living on cruise control. Packed with interactive exercises, compelling questions, and thought-provoking analogies, this book teaches you the methodology and the psychology to bring the best out of yourself! Each of the twelve chapters starts with the word Shift and invites you to make a simple but profound change that will accelerate your results and expand the horizons of your possibilities. You'll discover how to

- Lean into the curves of life and business
- Sever your dependency on the “kickstands of life”
- Put your weight into the changes you desire most
- Steer the flow of your emotional states
- Shift your core relationships to invite the right posse to your biker club
- Drive defensively to avoid the potholes that stop most people from succeeding

From the introduction all the way through to the conclusion, this book is a transformational seminar on paper. Join Delatorro McNeal as he takes you on the personal development journey of a lifetime.

"Strike – you're out!" "He's safe!" "Homerun!" Every October, millions of baseball fans around the country anxiously wait to see which team wins baseball's biggest championship. But the original games of the 1900s hardly look like they do today. Take a look back over one hundred years and discover the history of baseball's greatest series. With triumphs, heartbreak, and superstitious curses, this action-packed book brings America's Pastime to life.

"Here's a powerful, biblical antidote to despair!"--LEE STROBEL, New York Times bestselling author
God's peace, his shalom, can penetrate every aspect of your life--spiritually, mentally, physically, and emotionally. Although the word shalom appears 550 times in the Scriptures and was a constant theme in Jesus' teachings, it is a neglected topic today. As a result, God's peace has been elusive to so many followers of Jesus. This book charts a course of shalom for you! As Greg Laurie writes in the foreword, since we are made in God's image, you could say we have been prewired for happiness. We are prewired for hope. We are prewired for peace. If you are longing for healing and wholeness, noted Bible scholar Jeremiah J. Johnston will help you discover how to

- Unleash shalom in your life
- Live and apply shalom in God's world
- Protect your shalom in difficult times

This uplifting book is also helpful for ministry leaders and everyone else who recognizes the church's incredible opportunity today to help individuals and families dealing with anxiety, worry, and mental pain. Let this be your guide into the peace that passes all understanding. Shalom! "This is more than surviving; we are offered the gift of truly flourishing."--SHEILA WALSH, author of Holding On When You Want to Let Go
"In this reassuring meditation on Christian happiness... Johnston's mix of scholarly and uplifting notes will speak to solace seekers and their ministry leaders alike."--PUBLISHERS WEEKLY

ILLuminating the Darkness critically addresses the issue of racial discrimination and colour prejudice in religious history. Tackling common misconceptions, the author seeks to elevate the status of blacks and North Africans in Islam. The book is divided into two sections: Part 1 of the book explores the concept of race, 'blackness', slavery, interracial marriage and racism in Islam in the light of the Qur'an, Hadith and early historical sources. Part 1l of the book consists of a compilation of short biographies of noble black and North African Muslim men and women in Islamic history including Prophets, Companions of the Prophet and more recent historical figures. Following in the tradition of revered scholars of Islam such as al-Jahiz, Ibn al-Jawzi and al-Suyuti who wrote about this topic, ILLuminating the Darkness is structured according to a similar monographic arrangement.

The Story of the Last "Black Cargo"

A practical guide to chakras explores their importance to the ancient Africans and Egyptians, reveals the ancient mysteries of the Aura and Chakra system, and illustrates their common roots with India's yogic traditions

Rufus Shaw's Book, " Hustling: The Art of Black financial Survival," is a simple, common sense guide on how black business people can survive and even prosper if they know what they are doing. Show, whose first book was "How to be Rich nigger," has two degrees from Southern Methodist University in Dallas. He said his street sense was learned in the predominantly black section of South Dallas. Using Humor, poetry and a smattering of profanity, Shaw avoids complicated economic formulas. He starts off by defining hustling: .."making something positive happen under difficult circumstances by using a combination of common sense, understanding of human nature, daring and hard work." In his straight forward style, Shaw Discusses such topics as understanding man from a street perspective, business from that same perspective, the educated fool, going broke and investments. The book is quick and easy reading. Shaw Breaks no new ground as he drops numerous jewels on his readers: " Without some form of education you're lost. Racism will you down, but ignorance will knock you out " or "When money is in hand, pay your bills on time, when money is short, pay in 60 days, when money is shortest, pay something, but never pay nothing." or: "If you're sued, it is not the end of the world. Millions of people have been sued and have judgments pending..but they live everyday, normal lives. There's no "X" marked on their forehead.. Sure, it'll mess up your credit. The minute the bill collectors start calling, your credit was "Screwed." Shaw also devotes a chapter on crime and how it can be a money maker, but not without risks, for black people. There even is a subheading entitled, "Prison University." He does not preach, but he does touch many bases in a fact filled and entertaining 103 page book. Shaw's greatest success in this to me is pulling together a lot of basic wisdom and putting it down in black and white. This comprehensive handbook represents a definitive state of the current art and science of food waste from multiple perspectives. The issue of food waste has emerged in recent years as a major global problem. Recent research has enabled greater understanding and measurement of loss and waste throughout food supply chains, shedding light on contributing factors and practical solutions. This book includes perspectives and disciplines ranging from agriculture, food science, industrial ecology, history, economics, consumer behaviour, geography, theology, planning, sociology, and environmental policy among others. The Routledge Handbook of Food Waste addresses new and ongoing debates around systemic causes and solutions, including behaviour change, social innovation, new technologies, spirituality, redistribution, animal feed, and activism. The chapters describe and evaluate country case studies, waste management, treatment, prevention, and reduction approaches, and compares research methodologies for better understanding food wastage. This book is essential reading for the growing number of food waste scholars, practitioners, and policy makers interested in researching, theorising, debating, and solving the multifaceted phenomenon of food waste.

During the course of the struggle of African people against European racism, brutality and domination, many innovative thinkers have risen from our ranks . The greatest and most courageous scholars have devoted their lives to the pursuit of an explanation for the virtually inherent animosity most white people appear to have toward people of color / Unlike her predecessors, Dr. Frances cress welsing, a brilliant, Washington, DC psychiatrist has rejected conventional notions about the origin and perpetuation of racism .

How do you end oppression? Announcing a new and proven self-help strategy, *Addicted to White* by author Jerome E. Fox, Ph.D., that reveals the first step is for the oppressed to break their addiction to the values of the oppressor. Dr. Fox, a clinical licensed psychologist, analyzes global race relations, and concludes that the major challenge confronting black people everywhere is their ideological entanglement with a white social order predicated on narcissism, greed, and violence. To demonstrate, he defines five core white values, then shows how the behavior and thinking of most black people reflect these destructive values. In the mold of Biblical-seer-abolitionist Nat Turner, Dr. Fox adds Scriptures to his intriguing analysis to further spur critical thinking in his readers, and presents his work in a comprehensive self-help format. While *Addicted to White* will appeal to thoughtful black people around the world, thoughtful white readers will also find the book enlightening for its unique stance. Is it too late to mount an effective campaign against the spread of racial oppression? Dr. Fox doesn't think so-and here he lays out his compelling roadmap to a successful, happier future for everyone who is willing to stand up and fight back.

The story of freedom pivots on the choices black women made to retain control over their bodies and selves, their loved ones, and their futures. The story of freedom and all of its ambiguities begins with intimate acts steeped in power. It is shaped by the peculiar oppressions faced by African women and women of African descent. And it pivots on the self-conscious choices black women made to retain control over their bodies and selves, their loved ones, and their futures. Slavery’s rise in the Americas was institutional, carnal, and reproductive. The intimacy of bondage whet the appetites of slaveowners, traders, and colonial officials with fantasies of domination that trickled into every social relationship—husband and wife, sovereign and subject, master and laborer. Intimacy—corporeal, carnal, quotidian—tied slaves to slaveowners, women of African descent and their children to European and African men. In *Wicked Flesh*, Jessica Marie Johnson explores the nature of these complicated intimate and kinship ties and how they were used by black women to construct freedom in the Atlantic world. Johnson draws on archival documents scattered in institutions across three continents, written in multiple languages and largely from the perspective of colonial officials and slave-owning men, to recreate black women’s experiences from coastal Senegal to French Saint-Domingue to Spanish Cuba to the swampy outposts of the Gulf Coast. Centering New Orleans as the quintessential site for investigating black women’s practices of freedom in the Atlantic world, *Wicked Flesh* argues that African women and women of African descent endowed free status with meaning through active, aggressive, and sometimes unsuccessful intimate and kinship practices. Their stories, in both their successes and their failures, outline a practice of freedom that laid the groundwork for the emancipation struggles of the nineteenth century and reshaped the New World.

This Grammar Book is like no other. Your Warrior will learn...all the grammatical concepts from proper nouns to subject/verb agreement and everything in between. They will also learn Ourstory and Afrikan Values. Every sentence is a conversation. Gone are bland Eurocentric sentences, replaced by Afrikan-centered sentences that teach Ourstory and promote Afrikan values.

A Biography

Volume 4 of *Wake Up To Your True Identity* is a scripture meditation journal designed specifically for people of African descent scattered across the four corners of the Earth. The purpose of this journal is to help us devote more time to meditating on the word of YAH so that we can become the light of the world that He called us to be. This journal is broken down into 2 sections -- based on the 2 greatest commandments in the bible, which is to love YAH with all our heart and to love our neighbor as ourself -- and each section provides scriptures based on those 2 commandments. On each page, you'll get a specially-selected bible verses to write out and meditate on, along with space to record your thoughts, prayers, or whatever YAH places on your heart. By meditating on the word and sharing your reflections on it, you will be encouraged and challenged to return back to our Heavenly Father, both mentally and physically; which are necessities for our survival in the perilous times that we are living in today.

This speech was said to have been delivered by Willie Lynch on the bank of the James River in the colony of Virginia in 1712. Lynch was a British slave owner in the West Indies. He was invited to the colony of Virginia in 1712 to teach his methods to slave owners there.

In 1927, Zora Neale Hurston went to Plateau, Alabama, just outside Mobile, to interview eighty-six-year-old Cudjo Lewis. Of the millions of men, women, and children transported from Africa to America as slaves, Cudjo was then the only person alive to tell the story of this integral part of the nation ’ s history. Hurston was there to record Cudjo ’ s firsthand account of the raid that led to his capture and bondage fifty years after the Atlantic slave trade was outlawed in the United States. In 1931, Hurston returned to Plateau, the African-centric community three miles from Mobile founded by Cudjo and other former slaves from his ship. Spending more than three months there, she talked in depth with Cudjo about the details of his life. During those weeks, the young writer and the elderly formerly enslaved man ate peaches and watermelon that grew in the backyard and talked about Cudjo ’ s past—memories from his childhood in Africa, the horrors of being captured and held in a barracoon for selection by American slavers, the harrowing experience of the Middle Passage packed with more than 100 other souls aboard the *Clotilda*, and the years he spent in slavery until the end of the Civil War. Based on those interviews, featuring Cudjo ’ s unique vernacular, and written from Hurston ’ s perspective with the compassion and singular style that have made her one of the preminent

American authors of the twentieth-century, Barracoon masterfully illustrates the tragedy of slavery and of one life forever defined by it. Offering insight into the pernicious legacy that continues to haunt us all, black and white, this poignant and powerful work is an invaluable contribution to our shared history and culture. Rufus Shaw Jr. explains economics step by step using street language and humor. This book is very useful to any entrepreneur no matter your ethnic background, as pragmatic and shrewd economic stratagem of America's Toughest Streets once coveted secrets are disclosed to the general populous. This book is a must have anyone ready to launch their own business, or grow their own Successful business, The underlining beauty of this Book is that you don't have to understand economic jargon, nor complicated economic theorems, as Rufus Shaw Jr. breaks down everything into small, easily understood words for his readers. I cant say enough that any person curious about the mindsets of the streets most successful hustlers and the psychology of Business in the Hood then this is your ticket to that world. New in paperback: the controversial bestseller from one of health care's most passionate and outspoken advocates that reveals what we need to know about cancer to protect ourselves, treat ourselves, and even save our lives. After losing seven members of his family to cancer over the course of a decade, Ty Bollinger set out on a global quest to learn as much as he possibly could about cancer treatments and the medical industry that surrounds the disease. As he explains in this book, there are many methods we can access to treat and prevent cancer that go well beyond chemotherapy, radiation, and surgery; we just don't know about them. Now available in paperback for the first time, The Truth about Cancer delves into the history of medicine—all the way back to Hippocrates's credo of "do no harm"—as well as cutting-edge research showing the efficacy of dozens of unconventional cancer treatments that are helping patients around the globe. You'll read about the politics of cancer; facts and myths about its causes; and the range of tools available to diagnose and treat it. If you're facing a cancer diagnosis right now, this book may help you and your health-care provider make choices about your next steps. If you're already undergoing conventional treatment, it may help you support your health during the course of chemo or radiation. If you're a health-care provider and want to learn all you can to help your patients, it will expand your horizons and inspire you with true stories of successful healing. And if you just want to see cancer in a new light, it will open your eyes.

This original collection of quotations cites approximately 100 well-known African Americans from all walks of life, including Maya Angelou, Louis Armstrong, Muhammad Ali, Julian Bond, George Washington Carver, Frederick Douglass, and Ralph Ellison. From beloved children's book creator Crockett Johnson comes the timeless classic Harold and the Purple Crayon! This imagination-sparking picture book belongs on every child's digital bookshelf. One evening Harold decides to go for a walk in the moonlight. Armed only with an oversize purple crayon, young Harold draws himself a landscape full of wonder and excitement. Harold and his trusty crayon travel through woods and across seas and past dragons before returning to bed, safe and sound. Full of funny twists and surprises, this charming story shows just how far your imagination can take you. "A satisfying artistic triumph." —Chris Van Allsburg, author-illustrator of The Polar Express Share this classic as a birthday, baby shower, or graduation gift!

Wake Up to Your True Identity

The Truth Behind the Assassination of Martin Luther King Jr.

After successfully writing and publishing 12 children's books, I wanted to give adults a powerful history lesson on when blacks ruled the world. It all started with my coming across some important facts that have been lost in oblivion about the continent and its people. On further exploration, startling information came to light, not only about Africa but also about the Americas. Historians and researchers over the ages have manipulated theories to deliberately degrade the otherwise rich and influential heritage of Africa. This book discusses important yet unknown truths about the ancient Black civilizations and how they spread around the world, how the people and the beliefs of the African people have influenced different cultures, and how they have shaped the world we live in today. It's a journey of discovery, taking their knowledge, culture, art and architecture where ever they went. African history has helped shape and mold other civilizations over time without any due credit being given for it.

A timely narrative of how the Christian faith has presented in a culturally monolithic manner and the effects it has on generations. And a call for Christians to respond with truth and love rooted in the Gospel. The Whitewashing of Christianity is informative, insightful and inspirational, telling a history that's often hidden, ignored, revised or distorted. It details how the American church has helped create and maintain the false narrative that Christianity is a white man's religion and how it has presented almost every person in Scripture and most of Africa's theologians and martyrs as white men and women. You will be given countless references that chronicle what whitewashing is, how it has been done, and more importantly, how we can stop it. The Whitewashing of Christianity Takes you on a historical, sociological, judicial and religious journey of how Christianity has been whitewashed Addresses the negative effects of whitewashing and how many view Christianity as a religion of oppression Presents a full narrative of redemptive history from the Bible through the ages, including theologians, philosophers, teachers and martyrs Addresses claims from those that oppose Christianity with sources, Scripture and historical facts Equips people on how to engage inaccurate claims of Christian history and slavery Addresses the concerns of those that think Christianity is not an indigenous faith of people of African descent and how to combat whitewashing and move in unity The Whitewashing of Christianity leaves us with hope that what's been done historically can be changed. It is compelling, not combative and written from a place of love and desire to fight for presenting Christianity in a diverse way and not a culturally monolithic one. Gay challenges popular views that are based on a false narrative to take place within the Christian church. While challenging and eye-opening, you'll be made aware of a hidden past of accomplishments and contribution of Africa, confronted with a hurtful present of whitewashing effects and inspired by a hopeful future to move forward.

Dismantling the Matrix is a needed handbook for individuals who have been denied information that would facilitate their daily doings and enhance their lives. It is designed for anyone courageous enough to live freely and committed to fighting for freedom.

Similarly JUSDIFFERENT is a riveting, thought provoking tale about an adventurous child coming up in the treacherous streets of NYC, named Lil History. Born in East New York, Brooklyn and then relocating to a Far Rockaway, NY, without a father around he's forced to take the male guidance as it came growing up in a single parented home. He has to make due amidst poverty with the ever present dangers of every day living wasn't enough to quench his thirst for learning all that life was willing to show him. Armed with a craving for knowledge, yet influenced by his surroundings, Lil History's coming of age, leads him directly into the path of the dangerous streets of NYC in search of a better life for himself running head-on into a slew of danger filled adventures of survival.

Powerful research-based strategies to turn around struggling adolescent students The achievement gap is widening and more teens than ever are struggling in school. The latest research shows not only that brains can change, but that teachers and other providers have the power to boost students' effort, focus, attitude, and even IQs. In this book bestselling author Eric Jensen and co-author Carole Snider offer teacher-friendly strategies to ensure that all students graduate, become lifelong learners, and ultimately be successful in school and life. Drawing on cutting-edge science, this breakthrough book reveals core tools to increase student effort, build attitudes, and improve behaviors. Practical, teacher-tested, and research-supported strategies that will empower educators to make lasting and rapid changes Powerful academic evidence showing that every teacher can make a significant—and lasting—difference in student effort, behavior, attitude, and achievement Specific tools for making and managing the student's goal-seeking process and helping to develop a winner's mindset From the very first chapter, educators will learn how to help their struggling students become excited, lifelong learners. Eric Jensen is a noted authority on brain-based learning and student engagement. Carole Snider is an expert in both adolescent success and adult learning.

Urban Apogetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, Urban Apogetics is the first book focused entirely on cults, religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apogetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetic spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apogetics and community outreach. Ultimately, Urban Apogetics applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.

Temptation in the Pulpit is full of church drama revolving around Minister Devon Tucker and his congregation. Devon finds nothing wrong with working for the Lord while holding his own as a ladies' man and casanova. The ambiguity sets the tone for the story after Georgette Bradbury applies to be their new assistant minister. Fresh out of seminary Georgette finds herself amidst unforeseen trials and tribulations when confronted with a past secret.

Bestselling author, James Earl Ray's defense attorney, and, later, lawyer for the King family William Pepper reveals who actually killed MLK. William Pepper was James Earl Ray's lawyer in the trial for the murder of Martin Luther King Jr., and even after Ray's conviction and death, Pepper continues to adamantly argue Ray's innocence. This myth-shattering expos é is a revised, updated, and heavily expanded volume of Pepper's original bestselling and critically acclaimed book Orders to Kill, with twenty-six years of additional research included. The result reveals dramatic new details of the night of the murder, the trial, and why Ray was chosen to take the fall for an evil conspiracy—a government-sanctioned assassination of our nation's greatest leader. The plan, according to Pepper, was for a team of United States Army Special Forces snipers to kill King, but just as they were taking aim, a backup civilian assassin pulled the trigger. In The Plot to Kill King, Pepper shares the evidence and testimonies that prove that Ray was a fall guy chosen by those who viewed King as a dangerous revolutionary. His findings make the book one of the most important of our time—the uncensored story of the murder of an American hero that contains disturbing revelations about the obscure inner-workings of our government and how it continues, even today, to obscure the truth.

The classic collection of major speeches, now bundled with an audio download of Malcolm X delivering two of them. Malcolm X remains a touchstone figure for black America and in American culture at large. He gave African Americans not only their consciousness but their history, dignity, and a new pride. No single individual can claim more important responsibility for a social and historical leap forward such as the one sparked in America in the sixties. When, in 1965, Malcolm X was gunned down on the stage of a Harlem theater, America lost one of its most dynamic political thinkers. Yet, as Michael Eric Dyson has observed, " he remains relevant because he spoke presciently to the issues that matter today: black identity, the politics of black rage, the expression of black dissent, the politics of black power, and the importance of consolidating varieties of expressions within black communities—different ideologies and politics—and bringing them together under a banner of functional solidarity. " The End of White World Supremacy contains four major speeches by Malcolm X, including: " Black Man's History, " " The Black Revolution, " " The Old Negro and the New Negro, " and the famous " The Chickens Are Coming Home to Roost " speech ("God's Judgment of White America"), delivered after the assassination of John F. Kennedy. Several of the speeches include a discussion with the moderator, among whom Adam Clayton Powell, or a question-and-answer with the audience. This new edition bundles with the book an audio download of Malcolm's stirring delivery of " Black Man's History " in Harlem's Temple No.7 and " The Black Revolution " in the Abyssinian Baptist Church.

Distillation of the founder of the Universal Negro Improvement Association's 1937 lectures on topics ranging from the attainment of universal knowledge to leadership, character, God, and the social system.

A children's book written by the son of the late boxing legend Hector Camacho. This book is about the love between a son and father, and the loss he feels when his father is no longer with him. A heartfelt message about love and loss for children of all ages.

"Reconstruct[s] Douglass's life in the nation's capital, both at home and in the halls of power, in ways that no other biographer has done" (Leigh Fought, author of Women in the World of Frederick Douglass). The remarkable journey of Frederick Douglass from fugitive slave to famed orator and author is well recorded. Yet little has been written about Douglass's final years in Washington, DC. Journalist John Muller explores how Douglass spent the last eighteen years of his life professionally and personally in his home, Cedar Hill, in Anacostia. The ever-active Douglass was involved in local politics, from aiding in the early formation of Howard University to editing a groundbreaking newspaper to serving as marshal of the District. During this time, his wife of forty-four years, Anna Murray, passed away, and eighteen months later, he married Helen Pitts, a white woman. Unapologetic for his controversial marriage, Douglass continued his unabashed advocacy for the rights of African Americans and women and his belief in American exceptionalism. Through meticulous research, Muller has created a fresh and intimate portrait of Frederick Douglass of Anacostia. Includes photos! "Muller's book connects Douglass to the city and neighborhood the way no other project has yet been able to . . . you're able to re-imagine the man and re-consider the possibilities of the place he once lived." —Martin Austerhuhle, DCist
