After nearly a decade of dutifully climbing the corporate ladder to become a partner in a headhunting firm, Lucy Leonelli was feeling restless in a life that was seemingly mapped out for her, and she could not shake the sense that she was missing out on something... something out there. Realising that the answer was right in front of her - in a country so full of clandestine communities and colourful, eccentric characters - Lucy made the daring decision to hit the pause button on her career and hang up her suit in favour of a year exploring twenty-six wildly different subcultures. Over the next twelve months, she lived with battle re-enactors, circus performers, hill baggers, Morris dancers, naturists, trainspotters, yogis, zeitgeist political activists and more, experiencing first-hand their social rituals and customs in the hope that, somewhere along the way, she might just uncover the most authentic version of herself. A Year in the Life charts Lucy's adventure as she sang naked karaoke with naturists, jumped from one very high place to another with parkour daredevils, partied in tight latex with self-proclaimed vampires and fought the undead in an epic LARP battle. It tells of the importance of community in an increasingly isolating society; of the unquenchable human thirst for a sense of belonging; of how misguided our own prejudices can be; and of how when we open the door to others, we might just learn something about ourselves.

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

The third and final installment of the JELLY BRYCE Trilogy, The Man in the Mirror follows FBI Special Agent Delf "Jelly" Bryce through the tumultuous war years from 1941 until his death in 1974. Many things changed for Jelly during this time period, as both he and the country he loved matured while dealing with threats both from within and without. This is a story of true courage, amazing physical ability, and personal honor tempered by the inner struggles of a man driven to do the right thing in a world in which that path is not always clear. Inspired by historical events. "Ideally, I suppose every writer of history hopes someone will take their work and improve upon it. I cannot praise Mike Conti's Jelly Bryce trilogy too highly. He has breathed life into Jelly Bryce in ways my biography could not; ways in which the dry facts of newspaper articles, police reports, personnel files and even interviews of some friends and relatives have fallen short. I only wish Jelly could have read the trilogy. I believe he would have approved."-- Ron Owens Author of "Jelly Bryce, Legendary Lawman"

In 1974, Honda took the wraps off a 1000cc flat four with shaft drive and water cooling, and the Honda Gold Wing was born. Renowned photographer Malcolm Birkitt has included coverage of Honda's dynamic, new Valkyrie in this update of his best-selling Honda Gold Wing title, as well as examining all the changes in the Gold Wing since 1995. Included are intriguing early design sketches and portraits by Honda's designers and engineers.
