

House In The Sun Zaraa

Zara Riddle is used to being woken up in the middle of the night by magical creatures. Being a witch is incredibly fun, but it does have a few drawbacks. Zara’s powers make her appealing to the recently deceased, who are always showing up seeking her help. This witch is a real ghost magnet!When Zara’s resident telepathic wyvern wakes her up to announce there’s a new ghost in the house, Zara is anything but surprised. She greets the new spirit, locates the crime scene, and notifies the authorities. All before the sun comes up. Zara’s work is done. After all, the town’s detective should be able to solve this homicide without her.The detective, Theodore Bentley, has other ideas. He knows about Wisteria’s secrets, but he’s not the stubborn type who insists on doing everything himself. Why chase down a killer alone when you can have a powerful witch as a partner? He invites Zara to join him on the investigation. Zara accepts, because why not? She’ll rest easier when the case is solved. Plus two heads are better than one, even if one of them is a mere human.As the crime-fighting duo dig deeper into the town’s secrets, both the human detective and the witch are shocked to discover a killer in their midst. When they underestimate the killer’s powers, the tables are turned. In a heartbeat, everything changes.Zara Riddle can only watch helplessly as someone she cares about saves the witch’s life by sacrificing their own.WARDENS OF WISTERIA is book 1 of a new mini-series set in Angela Pepper’s wickedly wild world of Wisteria Witches. There is nothing in life that eighteen year old Zara craves more than her freedom. Stolen from her home in Cadrebia at the age of eight, Zara has spent more years than she cared to admit as a slave to the Tankadesh courts. Her days are filled with protecting the princess, while she spends nights entertaining the king and his officials with her mastery of weapons. Any spare moment in between, she plots escape. Yet her hopes for freedom come to a crashing halt when a stranger arrives bearing the mark of her assigned lifemate, and he threatens war if she isn't turned over into his care. But a lifemate is not part of the plan. Her dreams, of choosing her own path and being the master of her own will, weaken as her Moon seeks to claim his Sun. Is it possible that this stranger, with gentle blue eyes and a ready smile, didn't come to be her new master? That there could be more to his tale? Zara soon finds that neither her captivity nor her parents' deaths were mere random attacks. And by returning to Cadrebia, she may have put the future of the royal line-and her Moon-in jeopardy. While Zara breathes in her first taste of freedom, her enemies move in, seeking to rob Cadrebia of its blessed prophecy. To keep what she holds dear, Zara must rise above the pain and uncertainty to claim the lifemate assigned to her, or more than her freedom will be stolen this time.

Danya is content with the way her life is going. She has a beautiful house and a promising career, and she's engaged to be married to Fadi, a man she met in college. In the beginning, their love blossomed, but in the last few years, instead of growing closer they were growing farther and farther apart. While walking down the aisle and looking into Fadi's eyes, she saw neither love nor compassion-and she ran. Happy for a respite, she travels to India for her friend Zaara's wedding. It's a country she's longed to visit, and Zaara's wedding gives her the perfect escape. Here, Danya, receives the opportunity to put her life in perspective, and it leads her to something that has eluded her until now-true love. A story about the simplicity of love, "My Devdas" shows how love can be born out of the most unusual circumstances and is still the most treasured gift in the world.

Most writers associated with the first generation of British Romanticism – Blake, Coleridge, Wordsworth, Southey, Thelwall, and others – wrote against the slave trade. This edition collects a corpus of work which reflects the issues and theories concerning slavery and the status of the slave.

Zara's Adventure In the Stars

Zara is a blacksmith surrounded by family and villagers who all believe her to be cursed. At first she refuses to believe she is cursed but the years pass on and none of her betrothals ever last long, their paths always leading away from her towards death or into the arms of another, leaving Zara standing alone time and time again, she accepts that she truly is cursed. Zara has finally resigned herself to her fate, until one day when a nomad comes to visit her brother and she begins to question it all, embarking on a journey that will change everything she's ever known.

‘This Universe, Zara, is the creation of our several desires. It is the product of our energy in motion. And when our imagination flounders, we feel sapped of energy.’ Zara, enclosed in a plasma bubble, lands on the bank of the Ganges from the tongue of the glacier. She begins her life on the riverbank where the eternal question of ‘Who am I?’ drives her on a journey to the city where she reckons that she can find her purpose. But her voyage is not going to be an easy one as she confronts personal loss and materialistic pleasures. Zara’s Witness is a philosophical fantasy where Zara’s story is told through the four ashramas of life which guides a human towards fulfilment, happiness, and spiritual liberation. This book is aimed towards anyone who is trying to find their purpose in life. The extraordinary prose will transport you to Zara’s world, leave you spellbound, help you appreciate the finer nuances of life, and compel you to go on a journey of self-discovery and rumination.

A former soldier turned movie star turned spy must stop a catastrophic nuclear weapons deal. This gripping thriller from Thomas Caplan propels readers around the globe-from Hollywood to Rome, the Black Sea to the Mediterranean-and to the very brink of nuclear abyss. The novel's charismatic hero, former covert operative Ty Hunter, has become, almost by accident, the number one film star in the world. When he is recruited on a clandestine mission to thwart the transfer of nuclear warheads into rogue hands, he must deploy every skill he has as an actor, soldier, and spy. Donning his fame as a disguise, Ty matches wits and muscle with the enigmatic billionaire Ian Santal and his nefarious protégé Philip Frost-two supremely sophisticated adversaries- even as he falls in love with the entrancing young woman closest to them both, the jewelry designer Isabella Cavill. In prose that is both elegant and powerful, The Spy Who Jumped Off the Screen gives us a breakneck parable of good and evil-and a hero in the tradition of James Bond and Jason Bourne, who is sure to become an icon of the genre.

The seven letters in Naushad’s name are like the seven notes of Hindustani classical music. After just a few years in films, Naushad (1919–2006) went to rule the Hindi cinema music world for around two decades, beginning with the landmark Rattan (1944). His oeuvre (from 1940 to 2005) consists of an unmatched list of jubilees, many of which are musical milestones such as Andaz (1949), Baiju Bawra (1952), Mother India (1957) and Mughal–e–Azam (1960). No individual stays supreme without putting in tremendous efforts to reach the pinnacle and to stay there as long as possible, as our maestro did. And no composer probably moved so cleverly, behind the scenes, than did Naushad to sustain his hold on the public imagination. Although we continue to marvel at the incredible variety of his mellifluous creations that have withstood the test of time, how little most of us know about Naushad the man. Renowned song historian Raju Bharatan fleshes out the real Naushad – his triumphs and tragedies – bringing into play more than 50 years of personal interaction with the tuneful titan. In the process, the author makes the book more sparking with a string of anecdotal gems. For instance:

- How Naushad and his contemporaries despite their professed bonhomie, were fiercely competitive (both musically and monetarily) in their attempts to occupy the ‘top spot’.
- How many days of rehearsal were needed for some of the Baiju Bawara masterpieces?
- How the immortal compositions of Mughal–e–Azam were recorded in a studio no better than a tin shed. This volume also throws new light on the relations and interactions between Naushad and his singers (especially Suraiya, Mohammed Rafi, Lata Mangeshkar, Asha Bhosle and Shamshad Begum); his songwriters (mainly D.N Madhok, Shakeel Badayuni and Majrooh Sultanpuri); and his ‘unsung’ instrumentalists (some of whom were geniuses in their own right).

The landscape of the 1932 Connecticut farm is bleak and rocky. farm animals furrowed parched grass. To this lonely place the State brought an unclaimed child, without a past or conceivably a present. But Zara, who has been abused and used for the purpose of others, is determined to control her own destiny. Scenes showing the tender growth of love between a woman and a child, or a college boy corralling a wild pig, or a barbaric barn dance, are unforgettable.
