Everything You Need to Know About Buying a Franchise

Grow Smart, Risk Less

How to franchise your business is a simple "no-fluff" 2017 modern explanation of the steps and process of franchising your business or idea. This book was written by entrepreneurs for entrepreneurs and made to be short, simple and to the point. Our goal was to keep the book to under 50 pages total to make it a quick read you could knock out on a plane ride, or in one sitting to learn more about the basic steps and processes of franchising your business. The author Jason Anderson has helped develop and sell over 100 franchises since 2012, and now actively works as the president of Accurate Franchising Inc, a subsidiary of franchising giant United Franchise Group. Jason has been a regional developer, and the Director of Franchise Development for 9 Multinational Franchise Brands. He is an Air Force veteran, experienced entrepreneur having built a real estate company that was sold and franchised from scratch. Jason has an MBA, Cornell University Marketing Certification, has been featured on the cover of Realtor Magazine and made the Forbes 30 Under 30 in January 2012. The short and simple foreword is written by the CEO & Founder of United Franchise Group "Ray Titus." Ray Titus is the founder of the worlds largest sign franchise "Signarama" with 800+ locations in 40+ countries. Ray's father Roy Titus started the MinuteMan Press franchise. Ray has spent his entire life in the franchising world, and now owns and operates 9 franchise brands with over 1400 franchisees in 60+ countries. So if you have been wondering "How to Franchise My Business" then this book is the most current, simple, straight forward solution to helping you learn exactly what it takes to get started as a franchisor in the United States.

Most small business books focus on what it takes to start a small business, and not what it takes to start a franchise. At best, these books might allocate a single chapter to the concept

of franchising, and at worst the author presumes that franchises are the same as any other business start-up. The world of franchising has its own nuances, and advice that works for 99% of start-ups would not apply to franchising. In fact, well-meaning advice can often be detrimental to potential franchisees. This book is focused on making sure that potential franchisees are aware of the specific journey ahead of them. As franchising is a two-way business arrangement, it includes exactly what franchisors are looking for, what can or cannot be negotiated with a franchisor, and how best to present yourself to ensure that you win the franchise you want.

Brian Keen outlines the process he uses to successfully franchise businesses today. His simple four step system is based on over 30 years experience as a franchisee, franchisor and as a consultant working with start ups and established franchises honing their business growth in Australia and overseas. He outlines some of the trickier aspects you need to know to franchise a business right and make the mistakes so many have made. There is more to it than just getting the franchise agreement and operations manuals in place.

This proven, popular reference has been completely updated to better guide readers through the current franchise environment. Real-life examples of both service- and product-oriented franchises and useful checklists prevent mistakes and save time and money. Contact information for state and federal franchising regulatory agencies and a listing of useful publications guide new franchisees to the resources they need.

The Franchising Handbook

How to Buy a Franchise or Franchise Your Own Business

Introduction to Business

Become a Franchise Owner!

This book is written to offer would-be Franchisors the virtual experience and benefit of personally speaking with an expert Franchise Consultant about franchising their business. It provides straight-talk advice concerning every business and personal consideration which needs to be contemplated when deciding whether to franchise a business including: Whether your business is ready to franchise, Options for expanding your business, What to expect as a Franchisor, Introduction to the franchise development process, Branding and marketing for Franchisors, Other factors that impact your chances for success, Choosing a Franchise Developer, Sample Uniform Franchise Offering Circular (UFOC) and more. Ralph Massetti is President & CEO of The Franchise Builders, a franchise consulting, development, marketing and technology firm. He also holds a Bachelors and Master Degree in Business Administration, and is a candidate for the prestigious Certified Franchise Executive (CFE) designation.

Experienced franchisor Shelly Sun shares practical advice, insights, and her own compelling experiences to help readers discover the power and avoid the pitfalls of franchising their businesses. * A low-risk, low-capital path to astounding growth. In today's economic environment, and long into the future, access to capital is limited. Successful business owners have few options for dramatically expanding their brand, taking it to the regional, national, or even international arena. Grow Smart, Risk Less describes how readers, through franchising, can use other people's money and leverage their success for rapid growth. * Covers the entire process of franchising. Most books on franchising focus on educating the franchisee, but this book is designed to fully educate the franchisor. The author walks readers through each stage of the franchising process: from determining if they have a franchisable concept, to assembling a professional team without wasting money, to adjusting the business model along the way for optimum growth, to growing as a leader to assume new challenges. * Written by an experienced, nationally lauded franchisor. Unlike many authors of books on franchising, Shelly Sun has been through the process, growing her business from \$1 million to \$100 million in five years. She's been named entrepreneur of the year by the International Franchise Association and is being featured on a network prime-time show about compelling companies.

Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they're doing. It's hard to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable – it's a system of unspoken rules, rarely taught by MBA schools. If you are attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote Business Made Simple to teach others what it takes to grow your career and create a company that is healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide, readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person

succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I close more sales? Management: What does a good manager do? Business Made Simple is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book.

Franchising is one of the fastest and most popular means of business expansion. At the core of franchising is the licensing of intellectual property rights. Packed with examples and tips, this practical guide for business people outlines different types of franchise and takes you through the franchising process, identifying the key issues to consider at each stage.

How To Buy A Franchise Or Franchise Your Own Business Are you thinking of buying a franchise or franchising your own business? This indispensable guide tells you how to do it--and save time and money in the process. Franchise expert Erwin Keup shares 35 years of franchise experience to reveal what to expect and how to avoid costly mistakes. With the Franchise Bible, you learn to: Determine if owning a franchise is right for you Evaluate the advantages and disadvantages of franchising Understand the legal terms and documents associated with franchising Navigate the offering circular and what items it should contain Decide whether you should buy a franchise or start your own Select the best methods for expanding your existing business Determine the optimum time to franchise your business Includes these samples of actual franchise documents: Offering Circular Franchise Agreements Franchise Application Form Site Evaluation Form Operational Manual Outline Plus, this guide is packed with checklists to help you: Investigate franchisors Interview existing franchises Assess your suitability for running a franchise Prepare the required information before purchasing a franchise Whether you want to buy a franchise or franchise your own business, this guide is required reading. "Author and franchise lawyer Erwin J. Keup has made an exhaustive study of the franchise purchasing process and delivers his findings in concise, understandable language that has all you need to franchise with finesse." -- Entrepreneur Magazine "Kudos to author Erwin J. Keup. We like the book's easy-to-read style." --Small Business Opportunities magazine "Equally useful to prospective franchisees and franchisors. Explains in detail what the franchise system entails and the precise benefits it offers." --Robert E. Bond & Jeffrey E. Bond, author of The Sourcebook of Franchise Opportunities

Are you a service based business owner who is thinking of franchising their business? What we'll cover in this book is the process you need to go through in order to be ready to franchise. We'll cover what franchising is, the benefits of franchising, whether your business is franchisable and possible alternatives to franchising. We'll look at the costs of franchising, the steps, the process and possible timeframes in the franchising roadmap framework. Perhaps franchising your business is an idea that you have in mind, but you're not sure where to start? This book looks at exactly what you have to do, and various templates are included to help - including a franchise agreement, financial models for determining the feasibility for your business. Franchising is a great way to expand your business, but beware that it is a whole new business format. The ratios will be different from your existing company-owned unit, it performs differently, and it is a different culture. Adapting your business to work properly as a franchise and recruiting franchisees require know-how and experience. Allow this book to guide you through the process. It will save you time and money and will help you to assess whether its something work doing, or not. We will look at the financial aspects of franchising, the operations manual (what goes into it, how it should be written) and marketing the franchise. As stated previously - this is a whole new business. Not only will you have to continue to market, sell and promote your company owned unit, but you'll have to market and sell the franchise. Franchising is an entire industry

all by itself. There are franchise shows and exhibitions to attend, franchise organisations to join and then there'll be sales people who crawl out of the woodwork offering to do everything for you - for a fee, of course. Your existing business will need to be strong enough to meet all of these extra costs. But that said, you don't want to muddy the waters. Having a new business structure which is entirely separate from the existing business unit is useful, to keep (and protect) the initial business from the franchise business.

Franchise Vision

Buying a Franchise - The Keys to Success

Five Pennies: Ten Rules to Successfully Build a Franchise Mega-Brand and Maximize System Profits

Mastering the 4 Essential Steps to Owning a Franchise

The franchisee manual will tell you about: what franchising is; whether the code applies to you and your business; the advantages, disadvantages and responsibilities of being a franchisee; steps you should take before choosing a franchise; how you should research and verify information given to you about a franchise; steps you should take to understand and evaluate your franchise agreement; what you should do if you have a dispute with your franchisor; answers to frequently asked questions; where you should go for more information.

Have you ever thought of starting a franchise business but don't know where to begin? Buying a franchise sounds like a smart shortcut to becoming an entrepreneur, but is it for you? Best-selling author David Busker answers these questions and more in his new book **Franchise Vision: Transform Your Future Through Franchise Ownership**. In it, you'll learn: How to know if you have an entrepreneurial mindset The types and business models of franchises How the Franchise Continuum helps you define your criteria How to research and buy a franchise Where to focus your research What you'll need to have in place before you start a franchise How to identify and overcome red flags, roadblocks, and obstacles that can derail your efforts How to finance your business investment How to get help from advisors and consultants What to expect after signing a franchise agreement This book is not an inspirational sales call to arms that pretends everyone can and should buy a franchise. It's a comprehensive, down-to-earth examination of the process that starts with the most important question--should you do this? From there, David will take you through the process of researching and buying a franchise step by step with real-world examples to make every step crystal clear. David has been where you are. He made the transition from employee to entrepreneur, so he knows the joys and the pitfalls of this journey. He has lived the life of a multi-unit franchisee and self-employed business owner, so he's been through the process multiple times and learned something each time. "Franchise Vision is a fabulous resource for anyone thinking about getting into their own franchise business. It covers all the important topics involved in conducting a thorough investigation of opportunities and, even more importantly, it also does a wonderful job of explaining the emotional challenges that all of us face when contemplating doing something new. The book's focus on creating a vision of how you want your life to be in the future and then using this vision as a guide to decide which opportunities would be best for you is genius!." - Jeff Elgin, Founder and CEO, FranChoice, Inc. Franchise Vision is a motivational yet practical guide to understanding the path to franchise ownership, with real-world examples and step-by-step explanations to help those considering franchise ownership make decisions and navigate their journey with confidence. If you have ever wondered about how franchising works and how to investigate becoming a franchise owner, this book is for you. With this book you can confidently get started on your franchise journey today. As a nationally renowned franchise consultant, best-selling author, and franchise owner, David Busker has helped hundreds of candidates navigate the transition from employee to entrepreneur. His insights from leading and starting various businesses, as well as a no-nonsense educational approach, have endeared him to candidates seeking franchise ownership. With deep experience in multiple aspects of business as a CEO, CFO, CPA, business owner, startup founder, and multi-unit franchisee, Visualize your future and discover your inner entrepreneur today!

Using a series of case studies from five industries, Dicke analyzes franchising, a marketing system that combines large and small firms into a single administrative unit, strengthening both in the process. He studies the franchise industry from the 1840s to the 1980s, closely examining the rights and obligations of both the parent company and the franchise owner. Originally published in 1992. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Franchising is the fastest-growing method of conducting business in the world. Why? Because it works! But don't be fooled - success isn't guaranteed. Over the course of a few decades in development, I've seen millions of dollars wasted on fixing problems that, in many instances, could have been avoided altogether. Like most business owners, your primary goal is to operate a successful business. You can't actually do that until your location opens. While you may know a little bit about a lot of things, the devil is in the details. When you don't know what you don't know, especially when it comes to leasing space and building new locations, you could be in for a long, rough ride. The reality of how much you don't know (and what can happen next!) can be all-consuming. Enthusiasm, persistence, and dogged determination won't be enough to save you. Do not, Do Not, DO NOT sign a lease without reading this book! Once a lease is executed, you are 'officially' a business owner - even if your new location never actually opens! A lot of professionals with years of business experience assure themselves that there isn't any part of the building process that they either don't know or can't figure out. What they don't take into account is the additional time that ticks away while they learn the ropes - and make costly mistakes in the process. No matter how much business experience and success you have had in past roles, if you are not well versed in all that is involved in getting your new location open, failure will find you! Building new locations hasn't changed much over the years. Because it happens thousands of times a day across the country, it's easy to adopt the mindset of, "I can figure this out." The truth is that you CAN figure it out - but how much will you spend or forego in the process? Ignorance isn't bliss - it's EXPENSIVE! Failure is not an option - until it happens! Then what? The purpose of this book is to take the guesswork out of the entire development process so you know exactly what it takes to get your new location open in the least amount of time, for the best overall price and, more important than anything else, without making costly mistakes in the process. Whether you are an independent business owner or a franchisee, if you have plans to lease space to build your first (or your next) location, the book you're holding in your hands will become one of the most valuable investments you can make! To your success...

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

The Franchise Fix helps franchisees set up their food franchise business for success. Investing on a proven food franchise does not guarantee success for the franchisee. To be a successful franchisee, franchisees must set up the right management systems to support their business as well as take advantage of everything the franchisor has to offer. The Franchise Fix is a step-by-step guide that shows franchisees how to do exactly that! Covering the winning systems and processes that food industry veteran Aicha Bascaro discovered from working with hundreds of successful franchisees across the US and around the world, The Franchise Fix helps franchisees take control of their food franchise and increase their profits.

Written by the late Dave Thomas, the widely known founder of Wendy's, and franchising consultant Michael Seid, this is a comprehensive and reliable resource for anyone interested in purchasing a franchise.

How to Franchise Your Successful Business

The Development of a Business Method, 1840-1980

McDonalds, Sonic, Subway, Dairy Queen, Circle K, Piggly Wiggly—all well-known franchises in America and beyond. You've probably sometimes wondered how so many of them could exist, how they manage to stay in business, and how they continue to thrive. Maybe you've even thought about running one of your own, but didn't know where to begin. Well, now you do, thanks to Running a Franchise For Dummies. Pick the perfect franchise for you Create marketing plans and branding for your new franchise Understand all of the complex legal issues surrounding the ownership of a franchise Uncover the secrets to continued success and future expansion Running a Franchise for Dummies is a clear and concise guide for anyone who wants to be their own boss and stand on the shoulders of franchise giants both big and small.

Annotation. For more than a decade, this book has been the definitive guide to franchises and licensing programs. In this third edition, author and prominent attorney Andrew J. Sherman expands his in-depth coverage to include international franchising initiatives. In addition, every chapter has been thoroughly updated to reflect new information on market responsiveness, compliance, and other key issues. The result is a truly global reference that will prove indispensable to companies and entrepreneurs alike. If you're involved in any aspect of franchising and licensing, you can't afford to be without the latest edition of this book. It became the industry standard immediately upon its original publication, opening up enticing opportunities for entrepreneurs as well as presenting new strategic options for corporations. Now the third edition gives it truly global reach. Expanded to include international as well as domestic (U.S.) franchising and licensing, it comprehensively covers the strategic, legal, financial, and operational

aspects of these complex but highly profitable business structures. More than half-a-million business leaders have discovered the power of the StoryBrand Framework, created by New York Times best-selling author and marketing expert Donald Miller. And they are making millions. If you use the wrong words to talk about your product, nobody will buy it. Marketers and business owners struggle to effectively connect with their customers, costing them and their companies millions in lost revenue. In a world filled with constant, on-demand distractions, it has become near-impossible for business owners to effectively cut through the noise to reach their customers, something Donald Miller knows first-hand. In this book, he shares the proven system he has created to help you engage and truly influence customers. The StoryBrand process is a proven solution to the struggle business leaders face when talking about their companies. Without a clear, distinct message, customers will not understand what you can do for them and are unwilling to engage, causing you to lose potential sales, opportunities for customer engagement, and much more. In Building a StoryBrand, Donald Miller teaches marketers and business owners to use the seven universal elements of powerful stories to dramatically improve how they connect with customers and grow their businesses. His proven process has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. Building a StoryBrand does this by teaching you: The seven universal story points all humans respond to; The real reason customers make purchases; How to simplify a brand message so people understand it; and How to create the most effective messaging for websites, brochures, and social media. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, Building a StoryBrand will forever transform the way you talk about who you are, what you do, and the unique value you bring to your customers.

The definitive A-to-Z guide to researching, selecting, and starting a viable franchise business With more and more professionals looking for alternatives to traditional corporate employment, Become a Franchise Owner! informs would-be franchise owners of the joys and perils of purchasing a franchise. Authored by a trusted, feisty, tell-it-how-it-is independent franchise industry insider, this book offers straightforward, step-by-step tips and advice on how to properly (and carefully) research and select a franchise business. Get tips on how to locate information about franchises, current industry trends, interviews with franchisors, and hot franchise opportunities. Offers a self-evaluation to discover if you are "franchise material" Describes how to choose the right franchise for your specific situation Lists the 40 crucial questions to ask current franchise owners Owning a franchise isn't for everyone; in fact, as Joel Libava says, "it's really not for most people." But if it is for you, this book can guide you in starting your own successful franchise business.

With 1992 in mind, this book looks at how business can expand through franchising operations in Europe. Key information is contained within each chapter, concerning both general conditions and specific considerations in relation to a particular European country. Each of the 12 EC member states is profiled by a specialist in that particular country. Coverage includes statutory requirements, legal issues relating to competition, employment and copyright, tax and financial matters. Appendices supply the text of key EC legislature and the European Franchise Federation Code of Ethics.

Learn what it takes to find, buy, and run a franchise — and enjoy the rewards of being your own boss If you've ever visited a chain restaurant and thought, "I'd like to run one of these," you're among countless would-be entrepreneurs eager to be their own boss. Franchise Management For Dummies is a hands-on guide that provides clear and concise information on the issues involved in finding, buying, operating, and ultimately growing a successful franchise business. Geared toward both novices and experts in franchising, it's an essential guide to help prospective franchisees know what to look for in a great franchisor, and to show existing franchisees what great franchisors are providing their franchisees. Both emerging and experienced franchisors will gain an understanding about the proper methods of structuring, managing, and expanding their franchise systems. Social impact investors, donors, and NGOs can learn how franchising techniques can transform how they look at providing products and services at the base of the pyramid. Inside you'll discover: How to find a franchise that's right for you and the ideal location for it Where to find quality franchisors and understand the qualities franchisors look for How to gather information from franchisees A franchisor's mandatory legal obligations to prospective franchisees, the franchise disclosure document (FDD), and working with franchise professionals How to take a realistic look at your finances and what capital you'll need to buy and launch a franchise Develop strategic advertising and marketing plans How to find, hire, and train talented employees who will help make your franchise a success How to make sure your franchise makes money How to grow your business with multiple franchises And more! Additionally, Franchise Management For

Dummies includes a glossary of common franchise-related terms, ten keys to franchisee success, and the questions to ask before becoming a franchisor. Get a copy today and find out if owning and operating a franchise is the right business move for you. The investment required to license a franchise is a substantial sum. The results can be tremendously lucrative, providing both financial and professional independence, but there are also plenty of potential pitfalls. Better Business Bureau's Buying a Franchise: Insider's Guide to Success is packed with essential information, including worksheets, checklists, and charts. Experienced entrepreneurs from the Better Business Bureau guide investors from selecting a franchise to negotiating a contract to techniques for managing a profitable business.

This book, focuses on successful franchising from the perspective of franchisees. It is written in plain English, well signposted and constructed. It raises important questions and offers guidance while providing answers. It provides examples of real life experiences. The quotes, exercises and activities are relevant, in keeping readers engaged.

Is Franchising Right For You? Why start a business from scratch when you can have a piece of the greatest expansion strategy ever conceived? Franchising is BIG and getting bigger in every sector—from restaurants and coffee chains to pet care and insurance. There is a franchise for everything and everyone. As a potential franchise owner, you can be in charge of your own success while being supported by a known brand. Franchising gives you that ability, along with the satisfaction that comes only with building something that can last a lifetime and beyond. And, if you are successful, you eventually stop sweating the details and have the freedom to enjoy your life in a way that most around you cannot. In The Franchisee Handbook, franchise expert Mark Siebert walks you through the process of vetting and buying a franchise, helps you ask the right questions of franchisors and yourself, and gives you the resources you need to decide if franchising is right for you. Siebert shows you how to do your homework before making what could be the greatest financial decision of your life. You will learn how to: Accurately assess the risks of buying a franchise Determine if a franchise is a good fit for your personal goals Research and vet potential franchise opportunities Create a startup plan that meets your business goals Prepare your franchise for success Why dream about owning a franchise when you can take concrete steps to make it happen today? With The Franchisee Handbook as your guide, you have the power in your hands to start your own franchise journey right now.

Franchise Your Growth Expert franchise consultant Mark Siebert delivers the ultimate how-to guide to employing the greatest growth strategy ever--franchising. Siebert tells you what to expect, how to move forward, and avoid costly mistakes as he imparts decades of experience, insights, and practical advice to help grow your business exponentially through franchising. Learn how to: Evaluate your existing businesses for franchisability Identify the advantages and disadvantages of franchising Develop a business plan for growth on steroids Evaluate legal risk, obtain necessary documents, and protect intellectual property Create marketing plans, build lead generation, and branding for a new franchise Cultivate the franchisee-franchisor relationship

Buying a franchise can be a handy shortcut to the American dream of owning your own business. But there are dangerous pitfalls--and possible drawbacks to even the best franchise deals. Here, for every prospective franchisee, is authoritative advice from a trustworthy source. The experts of Franchise Times offer their picks of the top 200 franchises and 100 up-and-comers, complete with contact information, financial requirements, fees, and more. There are practical tips on everything from hiring and marketing to financing your franchise, leasing a retail space (or setting up a home office), and deciding if you should buy or run a franchise with your spouse. With anecdotes and advice from current franchisees and franchisors, this is a book every would-be entrepreneur should read before signing a contract.

How To Franchise Your Business 2nd Edition

Is Your Business Right for Franchising?

Franchise Your Business

This book was written with the would-be franchisor in mind. It delves deeply into such topics as preparing to become a franchisor, the legal repercussions of franchising, how to recruit the right candidates, and how to manage a franchise system. This book will guide you in

building a successful team of experts to help you create the stellar franchise brand that you dream of!

Learn how to effectively expand your business system and reap the benefits of growth If you have a proven business system and are wishing to expand, franchising is a strong option. It provides a quick route to growth and uses other people's money and enthusiasm to open individual offices, shops, restaurants, salons, surgeries, units, van rounds, or service centres. This book provides practical advice on how franchising works from two authors with years of experience. As well as being for potential franchisors, this book is also invaluable to owners of existing branch networks, practising franchisors and their management teams, and candidates for the Diploma in Franchise Management. It will show you how to: - Decide whether your business should and could be franchised - Understand the franchisor/franchisee relationship - Structure the business so it works for both franchisor and franchisee - Prove the concept with pilot operations - Market your franchise and recruit franchisees - Motivate franchisees and monitor their performance - Franchise your business internationally - Prepare your network for sale - or buy an existing franchised network
