A History of World Societies introduces students to the global past through social history and the stories and voices of the people who lived it. Now published by Bedford/St. Martin's, and informed by the latest scholarship, the book has been thoroughly revised with students in mind to meet the needs of the evolving course. Proven to work in the classroom, the book 's regional and comparative approach helps students understand the connections of global history while providing a manageable organization. With more global connections and comparisons, more documents, special features and activities that teach historical analysis, and an entirely new look, the ninth edition is the most teachable and accessible edition yet. Test drive a chapter today. Find out how.

This annual focuses on change management. It is designed as a ready-made toolkit of ideas, methods, techniques and models.

Gain a solid foundation in financial accounting to ensure you are prepared for future business courses and the real world with Warren/Reeve/Duchac ' s market-leading FINANCIAL ACCOUNTING, 15E. This edition helps you connect concepts to the bigger picture with features such as the new chapter opening schema that allows you to see how each chapter ' s specific content fits within the overall framework of the book. A focus on why accounting is important to business and a prosperous society is reinforced throughout with Business Connection features that illustrate how the concept is used in the real world. In addition, the Warren/Reeve/Duchac hallmark accounting cycle coverage provides unmatched foundation so you are prepared to succeed in later chapters. The American Promise is more teachable and memorable than any other U.S. survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans – from Presidents to pipe fitters, and sharecroppers to suffragettes – animate the past and make concepts memorable. The past comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations – more than any competing text – draw students into the text, and more than 180 full – color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of departure for assignments and discussion. Longstanding favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American's Borders, representing a key part of a our effort to increase attention paid to the global context of American history.

Students of Western civilization need more than facts. They need to understand the cross-cultural, global exchanges that shaped Western history; to be able to draw connections between the social, cultural, political, economic, and intellectual happenings in a given era; and to see the West not as a fixed region, but a living, evolving construct. These needs have long been central to The Making of the West. The book's chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context, enabling students to witness the unfolding of Western history, understand change over time, and recognize fundamental relationships.

As the leading choice in college accounting, Heintz and Parry's College Accounting, 21E, combines a proven, step-by-step approach and excellent examples with a tightly integrated online homework tool that makes accounting understandable to every student, regardless of your accounting background or business experience. The Heintz and Parry program, well-known for its clarity, accuracy, and technology, focuses on the practical skills you need to transition from the classroom to the workplace. With even more practice opportunities and independent study resources than ever before, the 21E delivers the tools you need to succeed. This edition introduces accounting concepts using a proven step-by-step approach and inviting narrative style that focuses on the practical skills you'll need as you transition to tomorrow's workplace. The book begins with a basic foundation and simple service company examples before advancing to accounting within the more challenging merchandising and manufacturing environments. Engaging examples and functional learning features within the book's comprehensive approach reinforce the relevance of the skills you're learning and provide a clear, accurate presentation that's understandable even if you have no previous accounting experience or business background. Self-study aids and numerous practice opportunities allow you to check your understanding as you progress. To maximize your study time and help you efficiently complete your homework, CengageNOW provides interactive support, enhanced feedback, and a personalized learning path that assists you in the areas most challenging to you individually. Achieve your best in the classroom today and plan for success within the workplace tomorrow with the skills found in Heintz and Parry's COLLEGE ACCOUNTING, 21E. Refine the skills needed to become an accomplished professional carpenter with the in-depth coverage and practical applications found in Carpentry, 6E. This popular bestseller by well-known expert Floyd Vogt presents the intricate system of contemporary light frame building construction using step-by-step procedures. CARPENTRY, 6E follows the logical path of a residential project, using thorough explanations and easy-to-follow diagrams to explore building plans, sitework and layout, footings and foundations, framing, interior and exterior surfaces, cabinetry, and more. This edition blends traditional construction techniques with today's latest practices, including contemporary safety tools, alternative construction, such as concrete forms, and green building techniques. This edition also introduces more commercial drawings and construction. Photo-realistic drawings showcase concepts and procedures with detailed, easy to understand information. The new online CourseMate provides interactive learning tools to further ensure carpentry success. In response to the ever-changing challenges of teaching the survey course, Understanding the American Promise combines a newly abridged narrative with an innovative chapter architecture to focus students' attention on what's truly significant. Each chapter is fully designed to guide students' comprehension and foster their development of historical skills. Brief and affordable but still balanced, a bold new design, and lively art to give your students a clear pathway to what's important.

Now from Bedford/St. Martin's, A History of Western Society is one of the most successful textbooks available because it captures students' interest in the everyday life of the past and ties social history to the broad sweep of politics and culture. The tenth edition has been thoroughly revised to strengthen the text's readability, heighten its attention to daily life, and incorporate the insights of new exploration and a thoroughly revised post-1945 section. With a dynamic new design, new special features, and a completely revised and robust companion reader, this major revision makes the past memorable and accessible for a new generation of students and instructors.

In this new book from the author of e-Learning on a Shoestring and Better than Bullet Points, Jane Bozarth has gathered a wealth of tools from leading training practitioners. Anyone—from the interested manager to the experienced training professional—can depend on this book when designing or delivering training. This single book contains all the valuable tools of the trade: worksheets for assessing training needs and writing goals and objectives; checklists for organizing the venue; and tools for analysis and structuring content. This remarkable resource also includes instant evaluation and measurement surveys, which can be customized freely from the companion website. In addition, Bozarth includes a wealth of invaluable advice for trainers at all levels on how to make effective use of props, staying energized, marketing training programs, and other things they don't tell you in train-the-trainer courses.

Important for beginning teachers and media specialists, this guide discusses the use of technology from a pedagogical perspective. This book is designed to assist new and practicing teachers with successfully implementing technology into the curriculum. It focuses on the pedagogical issues of technology—using technology as an instructional and management tool, and using technology to meet students' needs. Includes blackline masters to assist educators with using technology in their classrooms, as well as follow-up activities for teachers to apply what they have learned. Grades K-12.
