He's determined to pass on his love of food to his daughter—starting with puréed pork shoulder. As Eva grows, she finds her solace and salvation in the flavors of her native Minnesota. From Scandinavian lutefisk to hydroponic chocolate habaneros, each ingredient represents one part of Eva's journey as she becomes the star chef behind a legendary and secretive pop-up supper club, culminating in an opulent and emotional feast that's a testament to her spirit and resilience. In his latest mystery set in Scotland and the Outer Hebrides, award-winning author Peter May spins a tale about three disparate cases that may or may not be linked... On the remote Isle of Harris in Scotland's Outer Hebrides, a man washes up on a deserted beach, hypothermic and completely disoriented. He has no idea who he is or how he got there. The only clue to his condition is a map of the island showing a desolate, ancient path called the Coffin Road. With a sense of dread and no clear idea what lies at the other end, he knows he must follow the trail if he has any hope of discovering his identity. Meanwhile, homicide detective George

Gunn makes the rough ocean crossing to a remote, sea-battered lighthouse on a rock in the northern Atlantic, twenty miles west of the Outer Hebrides, to investigate a brutal murder. Despite its isolation, the tiny island has seen its share of tragedy: more than a century earlier, three lighthouse keepers disappeared, never to be seen or heard from again. And now there is a new tragedy, and Gunn must figure out what happened. At the same time, a teenage girl lies in her Edinburgh bedroom, desperate to discover the truth about her father's death. Two years after the discovery of the pioneering scientist's suicide note, Karen Fleming still cannot accept that her father would willingly abandon her. And the more she discovers about the nature of his research, the more she suspects that suicide had nothing to do

New York, author Paul L. McGregor takes us on a journey of discovery through fiction and journalism. A son of the working class, he presents narratives that combine fictional portraits of those who today would be called underprivileged with journalistic pieces whose countercultural commentaries offer a reminder of long-lost and much-maligned cultural, spiritual, and personal values. In these tales, McGregor recalls his parents, his childhood home, and his working-class neighbourhood in England; the collapse of the workers paradise in Russia; and meeting the saintly Fr. Ho Lung in Kingston, Jamaica.

On September 14, 1716, Boston Light became the first lighthouse established in Colonial America. With many ships floundering in the treacherous waters of the Massachusetts harbor, there was a great need for navigational aid. the town of Hull. The ledges had become a graveyard for ships, resulting in great loss to human life and cargo—a deterrent to European colonization efforts. Ship captains and merchants petitioned the colonial government for a lighthouse to be erected on Little Brewster Island as a way of safe passage to the inner harbor. Three hundred years later, Boston Light continues to serve its purpose. Today, the lighthouse is protected by an ever-present Coast Guard civilian keeper and a cadre of specially trained Coast Guard Auxiliary volunteer assistant keepers.

The H. P. Lovecraft

Collection

The Complete Fiction of H.

P. Lovecraft

"All the lighthouses in the world care about humanity, even if people do not," said Chin-Tsu softly. "They sounding, all of them. Now. The storm, it comes."

She squinted up at the trees swaying in the wind. And then she squinted at Tom Gill, who was panting beside her like a dog, "Sorry," he panted.

"Weightlessness has had more of an effect on my legs than I thought. It was bound to. I will be fitter again soon." She gazed at him impassively. They were in woodland not far from Guildford.

She picked up a twig and snapped it. "You too much muscle gym bunny," she said. "More muscle, less agility. Strong man with bad legs falls. You learn weightless way on ground." "Yes yes I know," said Gill, struggling to control his panting. "What was that anyway about lighthouses?" "They are all sounding warning of cosmic storm," shrugged Chin-Tsu. "I think so."

award-winning Israeli writer who travels the world, from New York to India, searching for love, belonging, and an escape from grief following the death of her father when she was a young girl NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS This searching collection opens with the death of Ayelet Tsabari's father when she was just nine years old. His passing left her feeling rootless, devastated, and driven to question her complex identity as an Israeli of Yemeni descent in a country that suppressed and devalued her ancestors' traditions. In *The Art of Leaving*, Tsabari tells her story, from her early love of writing and words, to her rebellion during her mandatory service in the Israeli army. She travels from Israel to New York, Canada, Thailand, and India, falling in and out

of love with countries, men and women, drugs and alcohol, running away from responsibilities and refusing to settle in one place. She recounts her first marriage, her struggle to define herself as a writer in a new language, her decision to become a mother, and finally her rediscovery and embrace of her family history—a history marked by generations of headstrong women who struggled to choose between their hearts and their homes. Eventually, she realizes that she must reconcile the memories of her father and the sadness of her past if she is ever going to come to terms with herself. With fierce, emotional prose, Ayelet Tsabari crafts a beautiful meditation about the lengths we will travel to try to escape our grief, the universal search to find a place where we belong, and the sense of home we
