Once upon a time there was a frog called Mr. Jeremy Fisher; he lived in a little damp house amongst the buttercups at the edge of a pond. The water was all slippy-sloppy in the larder and in the back passage. But Mr. Jeremy liked getting his feet wet; nobody ever scolded him, and he never caught a cold!

Through she's universally known as the creator of *The Tale of Peter Rabbit*, Beatrix Potter did so much more. This is the true story about how she helped save the English countryside! Growing up in London, Beatrix Potter felt the restraints of Victorian times. Girls didn't go to school and weren't expected to work. But she longed to do something important, something that truly mattered. As Beatrix spent her summers in the country and found inspiration in nature, it was through this

passion that her creativity flourished. There, she crafted *The Tale of Peter Rabbit*. She would eventually move to the countryside full-time, but developers sought to change the land. To save it, Beatrix used the money from the success of her books and bought acres and acres of land and farms to prevent the development of the countryside that both she and Peter Rabbit so cherished. Because of her efforts, it's been preserved just as she left it. This beautiful picture book shines a light on Beatrix Potter's lesser-known history and her desire to do something for the greater good.
