

## Satta Matka Main Bombay

This is one of the epics from Dr. Ambedkar. Written in 1945 the book really explains the dynamics of Hindu Mahasabha and Muslim League and how Congress and British Government. Although this book takes you to the unheard side of partition, it is interesting on how linguistic approach was chosen for a division of something that is unsure if it existed. Dr. Ambedkar was giving a clarity of situation instead of been judgmental on the partition. No wonder the man was chosen to write our constitution. Of course if the war of majority and minority is a tragedy can be ready more fluently.

One Saturday morning in late 1992, Yudi, a forty something gay journalist, picks up a nineteen-year-old Dalit boy in the Churchgate loo. After hurried sex, he gets rid of the boy, afraid of his neighbors. There is nothing to set this brief encounter apart from numerous others, and Yudi returns to his bachelor's flat and sex with strangers. Months pass. But when riots break out in 1992, Yudi is worrying about the boy from Churchgate station. He is in love. Chance brings the two together again, and this time they spend a week as a married couple in Yudi's flat, take a holiday on Friday, till the boy, Milind Mahadik, disappears (he has been hired by a modelling-cum-call-boy agency owned by the Bollywood star Ajay Kapur, a closet bisexual). Desolate, Yudi finds the middle-aged painter Gauri, a highly-strung woman madly in love with him, whose advances he has consistently rejected. When Milind resurfaces, it is only to marry a girl chosen by his father. He had it with Yudi and his kind. Yudi is heartbroken. But all is not lost: in straitened circumstances after marriage, Milind pays his gentleman friend a visit and stays the night. Henceforth, Yudi's love and Milind's for money - will keep bringing them together. In the final analysis, as Yudi tells Gauri - now the mistress of an ageing businessman - everything works out, and 'life goes on'. This novel, R. Raj Rao brings us a tragi-comic love story from the jumbled up heart of Mumbai.

**“Fantastical . . . Through the thoughts of a rare black goat and the couple who adopt it, readers witness famines, death, and moments of beauty.”**

**—National Geographic Longlisted for the National Book Award for Translated Literature As he did in the award-winning One Part Woman, Perumal Murugan explores a side of India that is rarely considered in the West: the rural lives of the country’s farming community. He paints a bucolic yet sometimes menacing portrait, showing movingly how danger and deception can threaten the lives of the weakest through the story of a helpless young animal lost in a world it naively misunderstands. As the novel opens, a mysterious stranger offers a farmer in Tamil Nadu a black goat kid who is the runt of the litter, surely too frail to survive. The farmer and his wife take care of the young she-goat, whom they name Poonachi, and soon the little goat is bounding with joy and growing at a rate they think miraculous for such a small animal. Intoxicating passages from the goat’s perspective offer a bawdy and earthy view of what it means to be an animal and a refreshing portrayal of the natural world. But Poonachi’s life is not destined to be a rural idyll—dangers can lurk around every corner, and may sometimes come from surprising places, including a government that is supposed to protect the weak and needy. Is this little goat too humble a creature to survive such a hostile world? “The title character of Murugan’s elegant new novel is indeed a joy . . . through Poonachi’s tale we are reminded how much bonds us with the animal world.” —USA Today**

**Newton's Notebook is a biography of the great man, but a biography with a difference. As you would expect, it provides a full and detailed account of Newton's life and discoveries, but it is written, designed and illustrated to look like - as the title suggests - a personal notebook or journal. By mining the rich sources of his own journals and incorporating a wide range of quotations and primary sources, Newton's Notebook brings its subject to life more vividly than any ordinary history book or biography, revealing the man who 'discovered' gravity. Additional chapters examine Newton's early life and education, his achievements in mathematics and optics, the publication of the Principia and the long-term impact of his revolutionary theories.**

A pioneering textbook which explains the dynamics of politics across Europe in the post-Cold war era. Comparing democratisation, transition to a market economy and increasing economic and political integration in the countries of central and eastern Europe with experiences in Scandinavia, and southern and western Europe, the book provides a wealth of information and analysis on the state of Europe at the end of a momentous century of European and World history.

Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese. His totally unique and groundbreaking approach to losing weight is backed by solid, cutting edge obesity research from over four years of full-time investigation of the roles of biochemistry, neurobiology, quantum physics and human consciousness in weight-loss. The result is a method that defies "common sense wisdom" and yet achieves dramatic lasting benefits. Celebrity obesity survivors like Muhammad Ali's daughter Khaliah and Robin Moran, star of The Discovery Channel's show Super Obese, are strong advocates of Jon's Weightloss approach, which has also been featured on A Current Affair and Today/Tonight in Australia as well as on numerous radio shows and newspaper articles internationally. In addition to telling Jon's own story of his amazing transformation, the book reveals why diets don't work and explains a truly unique and revolutionary diet-free way to lose weight. It's based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner. When your body wants to be thinner, weightloss is inevitable and becomes automatic and effortless. You simply crave less food, you crave healthier foods, your metabolism speeds up and you become very efficient at burning fat, just like a naturally thin person. And that's the real transformation - to transform yourself into a naturally thin person, so that you can eat whatever you want whenever you want and still be thin, fit and vibrantly healthy.

It is unusual to come across a life so rich in varied experiences as the one that Bijoya Ray, wife and constant companion to the renowned film-maker Satyajit Ray, has lived. Despite being closely related, Satyajit and Manik to his friends and family and Bijoya fell in love and embarked on a life together years before Ray's groundbreaking film Pather Panchali was made, and their long, happy married life lasted right until Ray's death in 1992. Bijoya Ray never felt the urge to write her memoirs, but was finally persuaded to pick up the pen when she was well into her eighties. Manik and I brims over with hitherto unknown stories of her life with Satyajit Ray, told in candid, vivid detail.

Dongri to Dubai is the first ever attempt to chronicle the history of the Mumbai mafia. It is the story of notorious gangsters like Haji Mastan, Karim Lala, Varadarajan Mudaliar, Chhota Rajan, Abu Salem, but above all, it is the story of a young man who went astray despite having a father in the police force. Dawood Ibrahim was initiated into crime as a

pawn in the hands of the Mumbai police and went on to wipe out the competition and eventually became the Mumbai police's own nemesis. The narrative encompasses several milestones in the history of crime in India, from the rise of the Pathans, formation of the Dawood gang, the first ever supari, mafia's nefarious role in Bollywood, Dawood's move to Karachi, and Pakistan's subsequent alleged role in sheltering one of the most wanted persons in the world. This story is primarily about how a boy from Dongri became a don in Dubai, and captures his bravado, cunningness, focus, ambition, and lust for power in a gripping narrative. The meticulously researched book provides an in-depth and comprehensive account of the mafia's games of supremacy and internecine warfare.

The magnificent new novel from the million-selling Booker Prize-winning author of *The White Tiger*: one of the most eagerly anticipated literary novels of 2011—"a kaleidoscopic portrait of a changing Mumbai." — *Guardian* (Best Books of 2011) Ask any Bombaywallah about Vishram Society—Tower A of the Vishram Co-operative Housing Society—and you will be told that it is unimpeachably pucca. Despite its location close to the airport, under the flight path of 747s and bordered by slums, it has been pucca for some fifty years. But Bombay has changed in half a century—not least its name—and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours—friends who have become enemies, acquaintances turned co-conspirators—may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, *Last Man in Tower* opens up the hearts and minds of the inhabitants of a great city—ordinary people pushed to their limits in a place that knows none. This eBook edition includes a Reading Group Guide.

Let Me Say it Now

Manik and I

2012-2017

We can each radiate unconditional love. We don't even need to create it — we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not "out there", but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are analysed. The conversations also explore the fact that the parent-child relationship is not challenging — It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love — by not needing love or giving love — but just by being love.

When King Charles II of England married Princess Catherine de Braganza of Portugal in 1661, he received as part of his dowry the Isles of Bom Bahia, The Good Bay. Reclaimed from the sea, these would become the modern city of Bombay. A marriage of affluence and abject poverty, where a grey concrete jungle is the backdrop to a heady potpourri of ethnic, linguistic and religious subcultures, Bombay, renamed Mumbai after the goddess Mumbadevi, defies definition. *Bombay, Meri Jaan*, comprising poems and prose pieces by some of the biggest names in literature, in addition to cartoons, photographs, a song and a Bombay duck recipe, tries to capture the spirit of this great metropolis.
