The fast-paced deadly conclusion to the Secret City trilogy. ‘Political insiders Steve Lewis and Chris Uhlmann bring biting wit and behind-the-headlines insight to this sharply observed novel ... House of Cards, Canberra style’ Sunday Canberra Times Once feared newshound Harry Dunkley has fallen, disgraced and dispirited at having failed to reveal the existence of the cabal of mandarins pulling the strings of power in Canberra. But new purpose is in the air. Dunkley receives aid from an unlikely band of adversaries, and as the Australian government teeters between fear and greed -- wanting US security and Chinese cash -- he looks at his enemies afresh. Resurrected Labor powerhouse Catriona Bailey and the hitherto untouchable Defence chief, Sir Jack Webster, leader of the sinister cabal, have played Dunkley at every turn. Yet there is a chink in Webster that might just bring him -- and Bailey --down. ‘Lewis and Uhlmann’s mischeivous use of contemporary political decisions flirts with the possibilities of a roman-a-clef ... THE SHADOW GAME is a welcome addition to the ranks of fictional representations of life in our capital ... it’s a book that deserves to be enjoyed by many’ Ed Wright, The Australian ‘Spies, sex, vengeance, politics, intrigue ... what more could you want from a book?’ Canberra Times ‘It reads like an episode of House of Cards or Borgen, however the third book in the Secret City series hits much closer to home ... showcasing Canberra and its politicians at their most evil, corrupt and weak ... an engaging and thought-provoking political thriller.’ Law Society Journal

Throughout her life, author Patricia Maxwell has determined that unpleasant and heartbreaking episodes and the mistakes made during ones life builds character and helps develop empathy for those suffering similar circumstances. In Biography of a Bad Boomer, she shares those experiences that have shaped her. From her birth in 1957 in Coffs Harbor, this memoir describes her personal journey through life in Australia from the fifties to the twenty-first century. She shares her struggles as a teenager with the lack of self-esteem, suffering through domestic abuse at the hands of her husband, returning to school for further education, living with Parkinsons disease, and being diagnosed with breast cancer. Maxwell narrates how her easy-going nature put her in odd and incongruous places as diverse as a sheep station, an R.AA.F Hercules Aircraft, and a sleazy bar in Cambodia. Biography of a Bad Boomer tells about the twists and turns in Maxwells life and the important lessons she has learned from all of them.

**How much money is enough? How powerful do you want to be? And what price will it extract from you? An intriguing, powerful and hard-hitting novel set in the world of big money and big deals, written by a leading business insider. Charles lives in the testosterone-driven, high-powered, brutal world of investment banking. It is a world dominated by deals, bonuses, bravado and savagery. Charles is a master of this world. Each day he shrugs on a metaphorical suit of armour and goes out into a dog-eat-dog world to accumulate power and make money. He’s a man who is familiar with casual brutality - his childhood saw to that. But there is a price to pay. Now, at the peak of his career, his armour is rusted and bloodstained and no longer protecting him the way it once did. He finds himself empty. Always cold. No friends. A family that is falling apart. Over the course of two days, everything in Charles’ life comes into question. His carefully constructed world is starting to splinter - and he’s splintering too. Shocking and at times immensely moving, Man in Armour is a compelling story of a man at the end of his tether, written with a sharp-eyed, incisive focus that also carries real emotional - and moral - resonance. Written by an ultimate business insider - a woman who knows intimately and at first hand this world of power, money and deal-making - this novel carries an undeniable authenticity and force. ‘The detailed setting of the finance world - the highs and lows, cutthroat practices and relentless pace -is vividly rendered ... *Eagerly anticipated by her legions of fans, this sixth novel in Diana Gabaldon’s bestselling Outlander saga is a masterpiece of historical fiction from one of the most popular authors of our time. Since the initial publication of Outlander fifteen years ago, Diana Gabaldon’s New York Times bestselling saga has won the hearts of readers the world over — and sold more than twelve million books. Now, A Breath of Snow and Ashes continues the extraordinary story of 18th-century Scotsman Jamie Fraser and his 20th-century wife, Claire. The year is 1772, and on the eve of the American Revolution, the long fuse of rebellion has already been lit. Men lie dead in the streets of Boston, and in the backwoods of North Carolina, isolated cabins burn in the forest. With chaos brewing, the governor calls upon Jamie Fraser to unite the backcountry and safeguard the colony for King and Crown. But from his wife Jamie knows that three years hence the shot heard round the world will be fired, and the result will be independence — with those loyal to the King either dead or in exile. And there is also the matter of a tiny clipping from The Wilmington Gazette, dated 1776, which reports Jamie’s death, along with his kin. For once, he hopes, his time-traveling family may be wrong about the future.*

*In 2011 writer and mother of two, Bronwyn Hope is diagnosed with early stage breast cancer. Encouraged by a friend, she begins an online blog in which she faithfully diarises the days that follow, graphically chronicling the details of even her darkest days as they happen. Her reflections are controlled yet raw and immediate, comprising a mix of honesty and humor that will have you by turns laughing out loud, or crying. Over an 18-month period, Bronwyn propels her readers on a journey that will deliver to her some of life’s greatest blows and most uplifting moments. Along the way she shares intimate accounts of her life, her family and friends, and the challenges, both common and uncommon, of a breast cancer survivor. The Breast is History is that rare book that will delight and move readers at the same time as demystifying the experience of millions of women with breast cancer.*

*In Mildred Pierce, noir master James M. Cain creates a novel of acute social observation and devastating emotional violence, with a heroine whose ambitions and sufferings are never less than recognizable. Mildred Pierce had gorgeous legs, a way with a skillet, and a bone-deep core of toughness. She used those attributes to survive a divorce and poverty and to claw her way out of the lower middle class.*

*But Mildred also had two weaknesses: a yen for shiftless men, and an unreasoning devotion to a monstrous daughter.*

*Microeconomics is the most engaging introductory economics resource available to students today. Using real businesses examples to show how managers use economics to make real decisions every day, the subject is made relevant and meaningful. Each chapter of the text opens with a case study featuring a real business or real business situation, refers to the study throughout the chapter, and concludes with An Inside Look—a news article format which illustrates how a key principle covered in the chapter relates to real business situations or was used by a real company to make a real business decision. Solved problems in every chapter motivate learners to confidently connect with the theory to solve economic problems and analyse current economic events.*

In this newly updated edition of the "meticulous and devastating" (Associated Press) account of violence and espionage that spent months on the New York Times Bestsellers list, Ronan Farrow exposes serial abusers and a cabal of powerful interests hell-bent on covering up the truth, at any cost - from Hollywood to Washington and beyond. In 2017, a routine network television investigation led to a story only whispered about: one of Hollywood’s most powerful producers was a predator, protected by fear, wealth, and a conspiracy of silence. As Farrow drew closer to the truth, shadowy operatives, from high-priced lawyers to elite war-hardened spies, mounted a secret campaign of intimidation, threatening his career, following his every move, and weaponizing an account of abuse in his own family. This is the untold story of the exotic tactics of surveillance and intimidation deployed by wealthy and connected men to threaten journalists, evade accountability, and silence victims of abuse. And it’s the story of the women who risked everything to expose the truth and spark a global movement

**"A fast-paced, gripping story set in a world of gruesome violence and perversity, where 'why?' is not a question and murder happens on a whim: but where a very faint ray of grace and hope lights up the landscape of salt and blood and ice. A tour de force of narrative tension and a masterful reconstruction of a lost world that seems to exist at the limits of the human imagination." --Hilary Mantel “This is a novel that takes us to the limits of flesh and blood. Utterly convincing and compelling, remorselessly vivid, and insidiously witty, *The North Water* is a startling achievement.” --Martin Amis *A nineteenth-century whaling ship sets sail for the Arctic with a killer aboard in this dark, sharp, and highly original tale that grips like a thriller. Behold the man: stinking, drunk, and brutal. Henry Drax is a harpooner on the Volunteer, a Yorkshire whaler bound for the rich hunting waters of the arctic circle. Also aboard for the first time is Patrick Sumner, an ex-army surgeon with a shattered reputation, no money, and no better option than to sail as the ship's medic on this violent, filthy, and ill-fated voyage. In India, during the Siege of Delhi, Sumner thought he had experienced the depths to which man can stoop. He had hoped to find temporary respite on the Volunteer, but rest proves impossible with Drax on board. The discovery of something evil in the hold rouses Sumner to action. And as the confrontation between the two men plays out amid the freezing darkness of an arctic winter, the fateful question arises: who will survive until spring? With savage, unstoppable momentum and the blackest wit, Ian McGuire's *The North Water* weaves a superlative story of humanity under the most extreme conditions.***

Walkley Award-winning journalist, Sharri Markson is the Investigations Editor at The Australian and host of prime-time show Sharri on Sky News Australia. The origins of Covid-19 are shrouded in mystery. Scientists and government officials insisted, for a year and a half, that the virus had a natural origin,

ridiculing anyone who dared contradict this view. Tech giants swept the internet, censoring and silencing debate in the most extreme fashion. Yet it is undeniable that a secretive facility in Wuhan was immersed in genetically manipulating bat-coronaviruses in perilous experiments. And as soon as the news of an outbreak in Wuhan leaked, the Chinese military took control and gagged all laboratory insiders. Part-thriller, part-expose, What Really Happened in Wuhan is a ground-breaking investigation from leading journalist Sharri Markson into the origins of Covid-19, the cover-ups, the conspiracies and the classified research.

It features never-before-seen primary documents exposing China's concealment of the virus, fresh interviews with whistleblower doctors in Wuhan and crucial eyewitness accounts that dismantle what we thought we knew about when the outbreak hit. With unprecedented access to Washington insiders, Markson takes you inside

the White House, with senior Trump lieutenants revealing first-hand accounts of fiery Oval Office clashes and new stories of compromised government advisors and censored scientists. Bravely reported and chillingly laid out, Markson brings to light the stories of the pandemic from the people on the ground: the

scientists and national security officials who raised uncomfortable truths and were labelled conspiracy theorists, until government agencies began to suspect they might have been right all along. These brave individuals persisted through bruising battles and played a crucial role in investigating the origins of Covid-19 to finally, in this book, bring us closer to the truth of what really happened in Wuhan.

If you dream of being published, this book will teach you the nuts and bolts of what it means to be an author. In a friendly, informative and practical way, Georgia Richter and Deborah Hunn share all you need to know about inspiration and research, preparing to submit to a publisher, creating an author brand, legal,
