

## Sidekick Slide User Guide

The indispensable sage, fierce enemy, silent sidekick: the role of Native Americans in film has been largely confined to identities defined from a "white" perspective. Many studies have analyzed these simplistic stereotypes of Native American cultures in film, but few have looked beyond Hollywood Westerns for further examples. Distinguished film scholar Edward Buscombe offers here an incisive study that examines cinematic depictions of Native Americans from a global perspective. Buscombe opens with a historical survey of American Westerns and their conventional portrayals of Native Americans: the wild redmen of nineteenth-century Wild West shows, the more sympathetic depictions of Native Americans in early Westerns, and the shift in the American film industry in the 1920s to hostile characterizations of Indians. Questioning the implicit assumptions of prevailing critiques, Buscombe looks abroad to reveal a distinctly different portrait of Native Americans. He focuses on little-known Westerns made in Germany—such as East Germany's *Indianerfilme*, in which Native Americans were Third World freedom fighters battling against Yankee imperialists—as well as the films based on the novels of nineteenth-century German writer Karl May. These alternate portrayals of Native Americans offer a vastly different view of their cultural position in American society. Buscombe offers nothing less than a wholly original and readable account of the cultural images of Native Americans through history and around the globe, revealing new and important issues in our understanding of how oppressed peoples have been represented in mass culture.

All you need is a mat to reap the benefits of pilates. There's no excuse not to begin your at-home pilates practice! The book takes readers through the complete sequence of Pilates Mat exercises with photos and step-by-step instructions. Formal Pilates classes are enormously beneficial, however, they are also very expensive. Using *The Complete Idiot's Guide® to Pilates on the Mat*, readers can practice Pilates Mat exercises on their own—without all the expensive and intimidating equipment found in the studio or gym. Pilates is a fitness phenomenon that's been around for nearly 100 years. Through a series of strength and stretching exercises, it builds core body strength, improves posture, relieves pain, and alleviates symptoms of serious chronic diseases, and has a positive impact on all of the vital systems—all while building a connection between the body and the mind. Along the way, fitness expert Karon Karter gives readers: A Pilates primer: how and why the method works on every body, inside and out. Basics for better breathing and posture. Safe instruction for flexing toward your healthiest self. Expert advice on Pilates Mat exercises using simple equipment, such as the Magic Circle. Poses and postures to increase range of motion, bone density, respiration, circulation, and muscle control. Exercises for toning muscles and melting fat, making the body look lean, healthy, and younger.

Rachael Ray, #1 New York Times bestselling author and media mogul, offers up the ultimate burger book. *The Book of Burger* is filled with over 300 recipes for burgers, sliders, sides, sloppies, hot dogs, sandwiches, sauces, toppings and more. The Queen of Burgers has drawn together her tastiest recipes for the ultimate between-the-buns experience. Whether you're cooking for one or for one hundred in your own backyard burger bash, *The Book of Burger* has you covered for bringing family and friends together for the love of burgers! Please 'em all—big and small—with everything from burgers to sandwiches, hot dogs, fries, sliders, and sloppies, and so much more. Start with Rach's "Big Spicy Mac," tempting you from the cover, or go with the heavenly French Onion Burgers. And if beef isn't your thing, there are plenty of chicken, pork, salmon, veggie, and lamb patties. Want a mind-blowing sandwich? Whip up the BEST one Rachael has ever made: the 7-Hour Smoked Brisket Sandwich with Smoky BBQ Sauce. Rachael even shares her legendary pickle recipe and her own homemade burger blend. Want a fun, cute, tasty bite-size treat to pass around? Rachael is slider obsessed and you will be, too: try the Mexican Pulled Pork Sliders. Rachael's friends from the New York and South Beach Wine & Food Festivals' Burger Bashes also contribute their award-winning recipes, including Bobby Flay's Louisiana Burger and Masaharu Morimoto's Kakuni Burger. Twelve original videos (directly accessible by links throughout the text) make *The Book of Burger* a truly multimedia experience and a smart book that celebrates the infinite possibilities of everybody's favorite food.

In these proceedings, the contribution of computers to medical education in undergraduate curriculum and at the postgraduate level, is explored by researchers from 18 countries. Examined are such topics as: the role of informatics in the medical curriculum; the state of the art in computer use in the medical curriculum; computer-assisted instruction and learning; computer use for modelling and simulation; assessment and testing of medical knowledge; training in computer-

assisted medical decision making and problem solving; and postgraduate training programs in medical informatics. To make material easily available to the reader, the editors have re-ordered the conference proceedings and provided a keyword index and author guide.

Family Guide France

The New Rolling Stone Album Guide

**DK Eyewitness Travel Family Guide France, from the groundbreaking family travel series, is written by parents and guarantees the entire family will enjoy their trip to France. The guide also includes dedicated "Kids Corners" that feature cartoons, quizzes, puzzles, games, and riddles to inform, surprise, and entertain young travelers as they explore everything France has to offer. With child-friendly sleeping and eating options, detailed maps of main sightseeing areas, travel information, language tips, budget guidance, age range suitability, and activities for every area, DK Eyewitness Travel Family Guide France is the ultimate guide to stress-free family travel. Now available in PDF. My name is Sawyer William Vincent-I know, it sounds like three first names-but most people know me as the Red Raptor.Well, technically no one knows I'm the Red Raptor-he's just a bit more popular. Wow. Enough about my name. Let me start over. I'm a superhero-the legendary Black Harrier's partner. Not sidekick. I don't care if I'm still in high school. We work together to bring down the city's most dangerous villains. When the Black Harrier gets a mysterious note, then goes missing in New York City, things are pretty much left up to me.But don't worry... I've got this. Piece of cake.If you like Tim Drake as Robin or ever wondered what Peter Parker would be like if he lived in Gotham, Raptors is right up your alley.From Washington Post bestseller Jaime Castle and CJ Valin comes a new superhero universe perfect for fans of both DC and Marvel. Actually, it's for fans of anything superhero-related... You're gonna like it. Promise.**

From the most trusted name in guns and ammunition comes this ultimate reference on bowhunting. The Shooter's Bible Guide to Bowhunting offers everything you need to know about the sport and its gear, from its origin as a means of survival to modern gear. Compound bows and crossbows have undergone an explosive rise in popularity in recent years, due in part, Dr. Todd A. Kuhn explains, to complex socioeconomic, environmental, and biological factors. As expansive tracts of land vanish, many hunters can no longer pursue game with high-powered rifles. That, plus vast improvements in archery gear, has hunters flocking to compound bows and crossbows as alternatives. In the Shooter's Bible Guide to Bowhunting Dr. Kuhn examines all things bowhunting and archery. Topics covered include: Compound, recurve, and traditional bows Arrows and broadheads Sights and rests Releases and triggers Quivers Tree stands, blinds, decoys, and other popular gear This exhaustive desk reference provides a never before seen look into the history and engineering of archery, theories and trends in game discipline, and, of course, an exhaustive catalog of archery equipment both new and traditional.

A family-focused guidebook to France for traveling with children ages 4 to 12. DK Eyewitness Travel: Family Guide France offers you the best things to see and do on a family vacation to Paris and the country of France. Each spread bursts with family-focused travel tips and ideas for activities that will engage children, from boat trips along the Canal du Midi in Languedoc-Roussillon to astronomy workshops at Le Pic du Midi de Bigorre in the Pyrenees to discovering the Musée du Louvre in Paris. What's inside: + Each major sight is treated as a "hub" destination, around which to plan a day. Plus, DK's custom illustrations and reconstructions of city sights give real cultural insight. + "Let off steam" suggestions and eating options around each attraction enable the entire family to recharge. + Maps outline the nearest parks, playgrounds, and public restrooms. + "Take shelter" sections suggest indoor activities for rainy days. + Language section lists essential words and phrases. + Dedicated "Kids' Corner" features include cartoons, quizzes, puzzles, games, and riddles to inform and entertain young travelers. + Listings provide family-friendly hotels and dining options. Written by travel experts and parents who understand the need to keep children entertained while enjoying family time together, DK Eyewitness Travel: Family Guide France offers child-friendly sleeping and eating options, detailed maps of main sightseeing areas, travel information, budget guidance, age-range suitability, and activities for France.

*In this book the author takes a fresh look at horror film series as series and presents an understanding of how the genre thrived in this format for a large portion of its history. It sheds light on older films such as the Universal and the Hammer series films on Dracula, Frankenstein and the Mummy as well as putting more recent series into perspective, such as The Nightmare on Elm Street films. A well rounded review of these films and investigation into their success as a format, this useful volume, originally published in 1991, offers an attempt to understand the marriage of horror and the series film, with its pluses as well as minuses.*

*"Evan Quick, Hero's Log, May the 25th... and darn it – I just can't do this. I'm never going to be a Mask. Get over it Evan." Evan Quick has spent his whole life dreaming of becoming a hero. Every morning he wakes up and runs through a checklist of test to see if he's developed powers over night, and every day it is the same thing – nothing. No flying, no super strength, no heat rays or cold beams. No invulnerability – that always hurt to check – no telepathy, no magic. Not even the ability to light a light bulb without flipping a switch. And now, he's finally ready to give up. But then, the class field trip to the Mask Museum is interrupted by a super villain attack, and Evan somehow manages to survive a death ray. Even better, Evan's favorite Mask, Captain Commanding, shows up to save them all -- and when things go very wrong, it's Evan who finds the strength to come to Captain Commanding's rescue. Yet the hero's reception Evan is expecting never happens. Before he even gets the chance to say hello, Evan is bundled away to The Academy, an institution derisively called The School for Sidekicks by its students. Forced to take classes like Banter Basics and Combat with Dinnerware, while being assigned as an 'apprentice' to Foxman – a Mask widely considered a has-been -- Evan starts to worry that he'll never be able to save the day...*

**An updated bestseller, this book of extraordinarily beautiful photographs of nature contains state-of-the-art instruction on how any photographer can aim for equally impressive results every time a camera is focused on the great outdoors. Even highly skilled photographers are often baffled by the problems facing them when they work outdoors. But with this exceptional field guide in hand, every photographer—beginner, serious amateur, semi-pro, and pro—can conquer the problems encountered in the field. Using his own exceptional work as examples, the author discusses each type of nature subject and how to approach photographing it. Specific advice and information cover selection of equipment and lenses; how to compose a shot; how to get close ups; and other tips covering a range of techniques to enrich various types of nature photographs.**

Silent film's most complete reference guide, focusing on American actors, directors, and screenwriters, with an emphasis on the 1910's through the 1920s.

**NEW YORK TIMES BESTSELLER** • This tenth-anniversary edition of the game-changing #1 New York Times bestseller features a new foreword and new tools to make the work your own. For over a decade, Brené Brown has found a special place in our hearts as a gifted mapmaker and a fellow traveler. She is both a social scientist and a kitchen-table friend whom you can always count on to tell the truth, make you laugh, and, on occasion, cry with you. And what's now become a movement all started with *The Gifts of Imperfection*, which has sold more than two million copies in thirty-five different languages across the globe. What transforms this book from words on a page to effective daily practices are the ten guideposts to wholehearted living. The guideposts not only help us understand the practices that will allow us to change our lives and families, they also walk us through the unattainable and sabotaging expectations that get in the way. Brené writes, "This book is an invitation to join a wholehearted revolution. A small, quiet, grassroots movement that starts with each of us saying, 'My story matters because I matter.' Revolution might sound a little dramatic, but in this world, choosing authenticity and worthiness is an absolute act of resistance."
