students think like practitioners and apply foundational skills to real-world practice. Students first read about professional practice and the skills required to work effectively with clients. Students then think and write about the ideas and concepts presented in the text by completing homework exercises following each new concept. Next, students watch and discuss the accompanying DVD (available for packaging with the text), which demonstrates how to use the skills covered in the text with an individual, family, or group. Furthermore, the text's modified case-based method
