For fans of Black Mirror and True Detective, a visceral, high-concept thriller about a psychologist who must protect the life of an eleven-year-old girl whose ability to remember past lives makes them both targets of a ruthless assassin. Dr. Matilda Deacon is a psychologist researching how memories are made and stored when she meets a strange eleven-year-old girl named Ashanique. The girl claims to harbor the memories of the last soldier killed in World War I and Matilda is skeptical. But when Ashanique starts talking about being chased by the Night Doctors–a term also used by an unstable patient who was later found dead–Matilda can't deny that the girl might be telling the truth. Matilda soon learns that Ashanique and her mother have been on the run their whole lives from a monstrous assassin named Rade. Rade is seeking a certain component ingrained solely in memories, and has left a bloody trail throughout the world. Matilda realizes that Ashanique is in unimaginable danger and that her unique ability comes with a deadly price. “A taut, riveting thriller, a perfect balance of scientific speculation and storytelling” (James Rollins, New York Times bestselling author), The Clarity is a compelling take on the possibilities of reincarnation and life after death.

The tracks are supposed to be for trains, but today lots of things are keeping all the Really Useful Engines from doing their work.

**WINNER OF THE 2021 PULITZER PRIZE FOR FICTION NEW YORK TIMES BESTSELLER WASHINGTON POST, AMAZON, NPR, CBS SUNDAY MORNING, KIRKUS, CHICAGO PUBLIC LIBRARY, AND GOOD HOUSEKEEPING BEST BOOK OF 2020** Based on the extraordinary life of National Book Award-winning author Louise Erdrich's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds with the elegant prose, sly humor, and depth of feeling of a master craftsman. Thomas Washashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new “emancipation” bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn't about freedom; Congress is fed up with Indians. The bill is a “termination” that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans “for as long as the grasses shall grow, and the rivers run”? Since graduating high school, Pixie Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice’s shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn't been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her niece and Patrice’s best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In the Night Watchman, Louise Erdrich creates a fictional world populated with memorable characters who are forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, The Night Watchman is a majestic work of fiction from this revered cultural treasure.

How a more positive form of identity politics can restore public trust in government
Illiberalism, Thomas Main writes, is the basic repudiation of liberal democracy, the very foundation on which the United States rests. It says no to electoral democracy, human rights, the rule of law, toleration. It is a political ideology that finds expression in such older right-wing extremist groups as the Ku Klux Klan and white supremacists and more recently among the Alt-Right and the Dark Enlightenment. There are also left-of-center illiberal movements, including various forms of communism, anarchism, and some antifascist movements. The Rise of Illiberalism explores the philosophical underpinnings of this toxic political ideology and documents how it has infiltrated the mainstream of political discourse in the United States. By the early twenty-first century, Main writes, liberal democracy ' s failure to deal adequately with social problems created a space illiberal movements could exploit to promote their particular brands of identity politics as an alternative. A critical need thus is for what the author calls " positive identity politics, " or a widely shared sense of community that gives a feeling of equal importance to all sectors of society. Achieving this goal will, however, be an enormous challenge. In seeking actionable remedies for the broken political system of the United States, this book makes a major scholarly contribution to current debates about the future of liberal democracy.
