

The Physician Cole Family Trilogy 1 Noah Gordon

From the #1 New York Times bestselling author of the Penn Cage series comes a gripping World War II thriller that “vaporizes almost every cliché about the limits of the genre...[it’s] good enough to read twice”(Kirkus Reviews). It is January 1944—and as Allied troops prepare for D-Day, Nazi scientists develop a toxic nerve gas that will repel and wipe out any invasion force. To salvage the planned assault, two vastly different but equally determined men are sent to infiltrate the secret concentration camp where the poison gas is being perfected on human subjects. Their only objective: destroy all traces of the gas and the men who created it—no matter how many lives may be lost...including their own.

New York Times–bestselling author: In 19th-century Spain, the son of a vineyard owner builds a life for himself, but a dangerous plot threatens it all . . . Josep Alvarez is a young man in the tiny grape-growing village of Santa Eulália, in northern Spain, where his father grows black grapes that are turned into cheap vinegar. Joseph loves the agricultural life, but he is the second son, and his father’s vineyard will be inherited by his brother Donat, the firstborn. Josep needs to keep his hands in the soil. He yearns for a job growing grapes and for an opportunity to marry Teresa Gallego. In Madrid, an assassination plot, conceived against the political leader of Spain by men of wealth and power, creates a storm of intrigue that sucks into its vortex a group of innocent young farm workers in Santa Eulália. How Josep’s life is changed drastically by these events, and how, ironically, they gradually turn him into an inspired vintner with an evolving vision of life, is the fascinating story of *The Winemaker*.

Sejanus is notoriously known as the Tiberius’ ambitious and ruthless Praetorian Prefect, widely believed to have craved the throne for himself and is considered the virtual ruler of Rome from AD 26-31. The figure of Sejanus has fascinated from ancient to more modern times. Sejanus, the emperor Tiberius’ infamous Praetorian Prefect, is synonymous with overreaching ambition, murder, conspiracy and betrayal. According to the traditional storyline, this man craved the imperial throne for himself and sought it by isolating the naive emperor in his island pleasure palace on Capri whilst using his control over the Praetorian Guard, coupled with his immense power and influence in Rome, to purge the capital of potential opponents. His victims supposedly included the emperor’s son, Drusus, poisoned by his own wife who had been seduced by Sejanus. The emperor, forewarned of Sejanus’ ambition, struck first. The Prefect was arrested in the Senate, strangled and his corpse cast down the Gemonian Stairs. Study of Sejanus has generally been overshadowed by focus on Tiberius. John McHugh makes a fresh appraisal of the sources to offer the first full-length study in English to focus on this highly influential figure and his development of the Praetorian Prefecture.

A compelling new novel that combines past and present in a riveting search for the source of the Book of Genesis itself. In her provocative second novel, Spanish author Julia Navarro takes readers on an exhilarating journey across centuries and continents, as an upstart archeologist and a murderous group of conspirators vie for a treasure that will rewrite history—an explosive account of the world’s creation recorded millennia ago by a humble scribe onto the legendary Bible of Clay. Moving back and forth through time, from the tense months preceding the contemporary war in Iraq, to ancient Mesopotamia, to the atrocities of the last century, this tale

of vengeance, obsession, and the wholesale plundering of the ancient world's most priceless treasures is populated by an international cast of political opportunists, ruthless killers, and unsullied seekers of truth. *The Bible of Clay* is historical fiction at its richest, a sweeping saga that challenges at once both conventional geopolitics and the very foundations of modern religion.

NEW YORK TIMES BESTSELLER • NOW A TNT ORIGINAL SERIES • “A first-rate tale of crime and punishment that will keep readers guessing until the final pages.”—Entertainment Weekly “Caleb Carr’s rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us.”—The Detroit News When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or “alienist”—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society’s belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* “[A] delicious premise . . . Its settings and characterizations are much more sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores.”—The Washington Post Book World “Mesmerizing.”—Detroit Free Press “The method of the hunt and the disparate team of hunters lift the tale beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller.”—The Buffalo News “Engrossing.”—Newsweek “Gripping, atmospheric . . . intelligent and entertaining.”—USA Today “A high-spirited, charged-up and unfailingly smart thriller.”—Los Angeles Times “Keeps readers turning pages well past their bedtime.”—San Francisco Chronicle

Set on the Caribbean coast of South America, this love story brings together Fermina Daza, her distinguished

husband, and a man who has secretly loved her for more than fifty years.

Winner of the Booker Prize. An insightful and thrilling novel about the British Empire in India during the Great Mutiny of 1857, as seen through the eyes of a young, love-struck idealist. India, 1857—the year of the Great Mutiny, when Muslim soldiers turned in bloody rebellion on their British overlords. This time of convulsion is the subject of J. G. Farrell's *The Siege of Krishnapur*, widely considered one of the finest British novels of the last fifty years. Farrell's story is set in an isolated Victorian outpost on the subcontinent. Rumors of strife filter in from afar, and yet the members of the colonial community remain confident of their military and, above all, moral superiority. But when they find themselves under actual siege, the true character of their dominion—at once brutal, blundering, and wistful—is soon revealed. *The Siege of Krishnapur* is a companion to *Troubles*, about the Easter 1916 rebellion in Ireland, and *The Singapore Grip*, which takes place just before World War II, as the sun begins to set upon the British Empire. Together these three novels offer an unequalled picture of the follies of empire.

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

The Mahaavatar Trilogy Book 1

Shaman

In the 1930s, Billy and his family come to Hidalgo County, New Mexico, where he becomes obsessed with a wild wolf that lives a precarious existence threatened by the region's ranchers.

Widower Penn Cage returns to his hometown of Natchez, Mississippi, where, finding that his father is being blackmailed, he reopens a notorious murder case that involves powerfully dangerous town forces, the FBI, and his own past. Reissue.

An orphan leaves Dark Ages London to study medicine in Persia in this "rich" and "vivid" historical novel from a New York Times–bestselling author (The New York Times). A child holds the hand of his dying mother and is terrified, aware something is taking her. Orphaned and given to an itinerant barber-surgeon, Rob Cole becomes a fast-talking swindler, peddling a worthless medicine. But as he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but claiming he is a Jew, he studies under the world's most renowned physician, Avicenna. How the woman who is his great love struggles against her only rival—medicine—makes a riveting modern classic. The Physician is the first book in New York Times–bestselling author Noah Gordon's Dr. Robert Cole trilogy, which continues with Shaman and concludes with Matters of Choice.

Numerous histories and studies of the Great Swabian Migration of the 18th century have been written and published, and the tragic fate of many of their descendants in our own time has also been chronicled. Most of these are available in languages other than English. Much of that research forms the backdrop of "Children of the Danube," which is the author's attempt at telling the stories behind the history. Personal stories that weave the tapestry of the lives of his extended family with those of the other families and individuals who joined them after venturing down the majestic, sometimes turbulent, Danube River, taking them on a quest that is common to all people: the search for the Promised Land. That is what they sought in the devastated Kingdom of Hungary, recently liberated after an oppressive one hundred and fifty year occupation by the Turks. Leaving the Danube River behind them, they would be confronted by a wilderness, disease-ridden swamps, dense forests, isolation, primitive living conditions, marauders and brigands. They would find themselves at the mercy of greedy landowners and rapacious nobles, and would have to endure the final onslaught of the Counter Reformation in their pursuit of religious freedom. This is what awaited them, in responding to the invitation of the Hapsburg Emperor Charles VI. It was hardly what the handbills circulating throughout south western Germany had promised. How they would respond, who they would become as a result of it, and what sustained and formed them into the "Children of the Danube," as a distinctive and unique people among the Danube Swabians will unfold, in the telling of their tragic and yet heroic story.

#1 New York Times bestselling author Greg Iles takes readers on a daringly executed roller-coaster ride as a family under attack takes justice into their own hands. It begins on a perfect night, with a perfect family about to be trapped in a perfect crime... Will Jennings is a successful young doctor in Jackson, Mississippi, with a thriving practice, a beautiful wife, and a five-year-old daughter he loves beyond measure. But Will and his family are being watched by a con man and psychopath who may be a genius. A man who has never been caught and whose victims have never talked to the police. A man whose life's work strikes at the heart of every family's unspoken fear: the unstoppable kidnapping. But this time he's picked the wrong family to terrorize. Because Will and Karen Jennings aren't going to watch helplessly as he victimizes them. They aren't going to let him get away with it. They're going to fight back...

Charles Bernstein has described conceptual "poetry pregnant with thought." Against Expression, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language.

The Heretic is a novel of daring adventure, tender first love, religious persecution, and political intrigue. It tells the story of a family of secret Jews living in Seville on the eve of the Spanish Inquisition. "Don't start reading The Heretic unless you're prepared to put everything else aside...Powerful, riveting, and inspiring...a must read." - David A. Harris, American Jewish Committee "The Heretic is deeply absorbing, but it also helps Jews and Christians better understand their complex and often painful relationship." - Elie Wiesel "I found The Heretic an absorbing and challenging story." Bishop John J. Snyder, Bishop of the Diocese of Saint Augustine and a member of the U. S. Bishops Committee for Ecumenical and Interreligious Affairs "A first-rate job of recreating the complex tragedy and drama of Jewish

life in fifteenth-century Spain." -Jane S. Gerber, Institute for Sephardic Studies, University of New York "Compelling and emotional...an impassioned cry for tolerance that echoes through the centuries." -Monsignor Thomas J Hartman, Director of Radio and Television for the Diocese of Rockville Center and cohost of The God Squad

This New York Times Notable Book is a "sweeping historical drama" of a physician and his family on the Illinois frontier in the nineteenth century (The New York Times Book Review). Dr. Robert Judson Cole travels from his ravaged Scotland homeland, through the operating rooms of Boston, to the cabins of frontier Illinois. In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native remedies that enrich the classical medical education he received at Edinburgh University. He marries a remarkable settler woman he had saved from illness. The details of how their deaf son manages to become a physician also, despite his handicap, and the story of how the Cole family is sucked into the bloody vortex of the Civil War and survives, makes an exceptional reading experience.

The Cole Trilogy

Against Expression

Fall of Giants

The Life of Prayer

An Anthology of Conceptual Writing

A Novel

From the author of *The Whisper of the River* and *Epiphany*. In this coming-of-age story, Porter Osbourne Jr. is a precocious, sensitive, and rambunctious boy trying to make it through adolescence during the Depression. On a red-clay farm in Georgia, he learns all there is to know about cotton-chopping, hog-killing, watermelon-thumping, and mule-handling. School provides a quick course in practical joking, schoolboy crushes, athletic glory, and clandestine sex. But it is Porter's family-- his genteel, patient mother, his swarm of cousins, his snuff-dipping grandmother, and, most of all, his beloved though flawed father--who teaches Porter the painful truths about growing up strong enough to run with the horsemen. "The writing is elegant, reflective, and amused. Mr. Sams is a storyteller sure of his audience . . . gifted with perfect timing."--The New York Times Book Review "Remarkable both for its humor and its sustained and detailed picture of a mischievous Southern farmboy's life during the Great Depression."--The Washington Post

This is a book for those who are not yet comfortable with prayer or who have reached an impasse in their prayer

lives. Cole offers help to both groups by demonstrating different kinds of prayer, helping the reader find ways to pray in various situations, and providing sample prayers. He also suggests practical ways of approaching scriptural prayers such as the Lord's Prayer and the Psalms, contemplative prayers such as open prayer and centering prayer, prayer within the traditions of the church, and prayer using the language of worship. The volume includes study questions at the end of each chapter.

Ken Follett's magnificent historical epic begins as five interrelated families move through the momentous dramas of the First World War, the Russian Revolution, and the struggle for women's suffrage. A thirteen-year-old Welsh boy enters a man's world in the mining pits. . . . An American law student rejected in love finds a surprising new career in Woodrow Wilson's White House. . . . A housekeeper for the aristocratic Fitzherberts takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with a German spy. . . . And two orphaned Russian brothers embark on radically different paths when their plan to emigrate to America falls afoul of war, conscription, and revolution. From the dirt and danger of a coal mine to the glittering chandeliers of a palace, from the corridors of power to the bedrooms of the mighty, *Fall of Giants* takes us into the inextricably entangled fates of five families—and into a century that we thought we knew, but that now will never seem the same again. . . .

From the author of *The Physician* and *Shamen*, this is the final book in the trilogy. Set in the present, R.J. Cole has inherited the family gift. After a miscarriage and the death of her boyfriend, she embarks on a career in medicine. Her life changes when she is faced with a terrible dilemma.

A comprehensive reference containing information on the four blood types provides detailed information on how to treat more than three hundred health conditions and ailments according to one's blood type, more than five hundred entries on food and supplements, the best medications according to one's blood type, the history and evolution of blood type, and more. Original.

Clear and illuminating commentary on one of Bodhidharma's most important texts, designed

to help Chan practitioners apply timeless and essential advice to their practice. Legend has it that more than a thousand years ago an Indian Buddhist monk named Bodhidharma arrived in China. His approach to teaching was unlike that of any of the Buddhist missionaries who had come to China before him. He confounded the emperor with cryptic dialogues, traveled the country, lived in a cave in the mountains, and eventually paved the way for a unique and illuminating approach to Buddhist teachings that would later spread across the whole of East Asia in the form of Chan--later to be known as Seon in Korean, Thien in Vietnamese, and Zen in Japanese. This book, a translation and commentary on one of Bodhidharma's most important texts, explores Bodhidharma's revolutionary teachings in English. Guo Gu weaves his commentary through modern and relatable contexts, showing that this centuries-old wisdom is just as crucial for life now as it was when it first came to be. Masterfully translated and accompanied by helpful insights to supplement daily practice, *The Essence of Chan* is the perfect guide for those new to Chan, those returning, or those who have been practicing for years.

A woman comes face-to-face with a serial killer who glorifies the art of death in this "ingenious"* thriller from the #1 New York Times bestselling author of the Penn Cage series. They are called "The Sleeping Women." A series of unsettling paintings in which the nude female subjects appear to be not asleep, but dead. Photojournalist Jordan Glass has another reason to find the paintings disturbing...The face on one of the nudes is her own--or perhaps the face of her twin sister, who disappeared and is still missing. At the urging of the FBI, Jordan becomes both hunter and hunted in a search for the anonymous artist--an obsessed killer who seems to know more about Jordan and her family than she is prepared to face...

Enjoying a happy marriage while remembering an obsessive love affair years earlier with a woman who subsequently died, John Waters encounters a woman with a secret only his ex-girlfriend knows, and when she, too, is killed, Waters' life is enveloped by guilt and suspicion.

A seductive thrill ride in the Play-By-Play series from the New York Times bestselling author of *The Perfect Play*, Jaci Burton. Perfect for fans of Lori Foster, Maya Banks and Jill Shalvis. Someone's going to have to let down their guard... Football star Cole Riley is notorious for doing as he pleases—on the field and off. He parties hard and fights harder, but if he doesn't clean up his act, his career is over—so Cole reluctantly agrees to work with image makeover consultant Savannah Brooks. He's not used to being told what to do, especially by some (admittedly hot) Southern belle. As for Savannah, she's not convinced she can transform this cocky (and aggressively sexy) force of nature. But she's determined to give it her best shot. When the sparks start to fly, Savannah lays down the ground rules: no personal complications. If she can turn off the tingle she feels every time Cole gives her a hot stare with his gorgeous baby blues, he can turn off his desire as well. But for two people determined to have it all, a hands-off policy can only last so long before one of them yields. Want more sexy sporting romance? Don't miss the rest of this steamy series which began with *The Perfect Play*. And check out Jaci's gorgeously romantic Hope series beginning with *Hope Flames*.

The New York Times—bestselling author's historical saga of a family of healers—from Dark Ages London to Civil War America to modern-day Boston. In *The Physician*, an orphan in eleventh-century London, Robert Cole, becomes a fast-talking swindler. As he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but by claiming he is a Jew, he studies under the world's most renowned physician, Avicenna. Cole's journey and love for a woman who must struggle against her only rival—medicine—make *The Physician* a riveting modern classic. In *Shaman*, Dr. Robert Judson Cole, nineteenth-century descendent of the first Robert Cole, travels from his ravaged Scottish homeland, through the operating rooms of antebellum Boston, to the cabins of frontier Illinois. In the wilderness he befriends the starving remnants of the Sauk tribe, who have fled their reservation. In the process, he absorbs their culture and learns native remedies that enrich his classical medical education. He marries a remarkable settler woman he had saved from illness. The Cole family is drawn into the bloody vortex of the Civil War, and their determination to survive in the midst of wilderness and violence will stay with the reader long after the final page. In *Matters of Choice*, Roberta Jeanne d'Arc Cole is the latest first-born descendant of Dr. Robert Cole. Favored to be named associate chief of medicine at a Boston hospital, she is married to a surgeon and owns a trophy residence in Cambridge as well as a summer

house. But everything melts away. Her gender and her work at an abortion clinic cost her the hospital appointment. Her marriage fails. Crushed, she goes to her farmhouse in western Massachusetts, thinking to sell it, and finds an unexpected life. How she continues to fight for every woman's right to choose, while acknowledging her own ticking clock and maternal yearning, makes this prize-winning third story of the Cole trilogy relevant and unforgettable.

In the year 1492, the Inquisition has all of Spain in its grip. After centuries of pogrom-like riots encouraged by the Church, the Jews - who have been an important part of Spanish life since the days of the Romans - are expelled from the country by royal edict. Many who wish to remain are intimidated by Church and Crown and become Catholics, but several hundred thousand choose to retain their religion and depart; given little time to flee, some perish even before they can escape from Spain. Yonah Toledano, the 15-year-old son of a celebrated Spanish silversmith, has seen his father and brother die during these terrible days - victims whose murders go almost unnoticed in a time of mass upheaval. Trapped in Spain by circumstances, he is determined to honor the memory of his family by remaining a Jew. On a donkey named Moise, Yonah begins a meandering journey, a young fugitive zigzagging across the vastness of Spain. Toiling at manual labor, he desperately tries to cling to his memories of a vanished culture. As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars, as an apprentice armorer he learns to fight like a Christian knight. Finally, as a man living in a time and land where danger from the Inquisition is everywhere, he deals with the questions that mark his past. How he discovers the answers, how he finds his way to a singular and strong Marrano woman, how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew, is the fabric of this novel. *The Last Jew* is a glimpse of the past, an authentic tale of high adventure, and a tender and unforgettable love story. In it, Noah Gordon utilizes his greatest strengths, and the result is remarkable and moving.

Run with the Horsemen

Choices

Lose yourself in this captivating tale of love and betrayal, lies and forgiveness, from New York Times bestselling author Diane Chamberlain. Dr. Olivia Simon is on duty in the emergency room of North Carolina's Outer Banks Hospital when a gunshot victim is brought in. Midway through the desperate effort to save the young woman's life, Olivia realizes who she is—Annie O'Neill. The woman Olivia's husband, Paul, is in love with. When Annie dies on the operating table, she leaves behind three other victims. Alec O'Neill, who thought he had the perfect marriage. Paul, whose fixation on Annie is unshakable. And Olivia,

who is desperate to understand the woman who destroyed her marriage. Now they are left with unanswered questions about who Annie really was. And about the secrets she kept hidden so well. Originally published in 2011

A story set in America, Europe, Africa and Israel. A New York diamond dealer investigates the history of a yellow diamond that was buried in a temple and has caused conflict over the centuries. The novel also deals with his love for two women. By the author of Shaman and The Physician.

A masterful blend of Christian scholarship and thrilling adventure, *The Last Cato* is a novel about the race to find the secret location of the Vera Cruz, the True Cross on which Christ was crucified, and the ancient brotherhood sworn to protect it. Holy relics are disappearing from sacred spots around the world—and the Vatican will do whatever it takes to stop the thieves from stealing what is left of the scattered splinters of the True Cross. Brilliant paleographer Dr. Ottavia Salina is called upon by the highest levels of the Roman Catholic Church to decipher the scars found on an Ethiopian man's corpse: seven crosses and seven Greek letters. The markings, symbolizing the Seven Deadly Sins, are part of an elaborate initiation ritual for the Staurofilakes, the clandestine brotherhood hiding the True Cross for centuries, headed by a secretive figure called Cato. With the help of a member of the Swiss Guard and a renowned archaeologist, Dr. Salina uncovers the connection between the brotherhood and Dante's *Divine Comedy*, and races across the globe to Christianity's ancient capitals. Together, they will face challenges that will put their faith—and their very lives—to the ultimate test.

The *New York Times* – bestselling novel that follows the life and career of a rabbi as he journeys through America: “ A rewarding reading experience. ” —*Los Angeles Times* Michael Kind is raised in the Jewish cauldron of 1920s New York, familiar with the stresses and materialism of metropolitan life. Turning to the ancient set of ethics of his Orthodox grandfather, with a modern twist, he becomes a Reform rabbi. As insecure and sexually needy as any other young male, he serves as a circuit-rider rabbi in the Ozarks, and then as a temple rabbi in the racially ugly South, in a San Francisco suburb, in a Pennsylvania college town, and finally, in a New England community west of Boston. Along the way he falls deeply in love with and marries the daughter of a Congregational minister; she converts to Judaism and they have two complex, interesting children. Noah Gordon ’ s picture of a brilliant and talented religious counselor—who at times is as bereft and uncertain as any of his congregants—is a deeply moving and very satisfying novel.

But the Trials have sent so many others to their death. Can Hiranyakashyap survive? Welcome to the reimagining of the fourth Avatar of Lord Vishnu by bestselling author Kevin Missal.

From the #1 New York Times bestselling author of the Penn Cage series comes a heartstopping thriller about one of the great unsolved mysteries of World War II. The Spandau Diary—what was in it? Why did the secret intelligence agencies of every major power want it? Why was a brave and beautiful woman kidnapped and sexually tormented to get it? Why did a chain of deception and violent death lash out across the globe, from survivors of the Nazi past to warriors in the new conflict now about to explode? Why did the world's entire history of World War II have to be rewritten as the future hung over a nightmare abyss? "Entirely plausible, totally engrossing...a remarkable, impressive novel."—Nelson DeMille "An incredible web of intrigue and suspense, an avalanche of action from first page to last."—Clive Cussler

The national bestselling hit hailed by the New York Times as a "vibrant medieval mystery...[it] outdoes the competition." In medieval Cambridge, England, Adelia, a female forensics expert, is summoned by King Henry II to investigate a series of gruesome murders that has wrongly implicated the Jewish population, yielding even more tragic results. As Adelia's investigation takes her behind the closed doors of the country's churches, the killer prepares to strike again.

Presents an epic history that covers the period from the end of World War I through the 1970s, chronicling the decades-long migration of African Americans from the South to the North and West through the stories of three individuals and their families.

24 Hours

The Quiet Game

Black Cross

A new threat has risen. For years, peace has reigned within the boundaries of the empire. Monks, gifted with extraordinary powers, wander the land, keeping order by any means necessary. Their gifts make them invincible, or so most believe. A lone warrior disagrees. Guided by a shadowy organization, Fang seeks to break the monasteries. Once left for dead by powerful monks, revenge has driven him to unimaginable strength. Only one obstacle stands in his way. His name is Lei, and he is no hero. Exiled by the monasteries for an unforgivable crime, he's more comfortable with a drink in his hand than a sword. But he's about to be thrust into a fight he had no part in starting. As destiny hurtles the two men into inevitable conflict, the fate of the empire hangs in the balance.

The New York Times-bestselling author delivers “a big, authentic novel” of the professional and personal challenges of three young doctors (*The New York Times*). Three young men from different backgrounds have graduated from medical schools and become surgical fellows at a leading teaching hospital in Boston. They learn to become surgeons, to communicate with patients and families, and to be observed and appraised by their peers and professors on daily rounds. And each month—sometimes with dry mouth and rapid pulse—each attends the meeting of the Mortality Conference, known to all as the Death Committee, which examines every patient loss for possible human error, in order to prevent it from happening again. How the Death Committee affects and is affected by the lives, loves, and ambitions of three new doctors is the theme of this intriguing and profoundly moving novel.
