This reference includes alphabetically arranged entries on 58 British women writers of the 20th century. Some of these writers were born in England, while others, such as Katherine Mansfield and Gertrude Stein, came from countries of the former Empire or Commonwealth. The volume also includes entries for women of color, such as Kamala Markandaya and Buchi Emecheta.

How can we find our way through the complexities of life in the twenty-first century? Many Christians are familiar with the pointed directives of the Ten Commandments, and many will regularly turn to bite-sized pieces of God's wisdom. When we study Proverbs within the framework of the Ten Commandments, we hear both parts of God's Word speaking in ways that are refreshingly practical and eminently memorable. Wise shows how these ancient words relate to such diverse areas of life as worship and prayer, our words and money, marriage and sexuality, and our fears, loves, and desires. This book will instruct and encourage with the wisdom that comes from fearing God.

Abandoned by both her parents, nine-year-old Wise Child goes to live with the witch woman Juniper, who begins to train her in the ways of herbs and magic.

In Brixton, Nora and Dora Chance – twin chorus girls born and bred south of the river – are celebrating their 75th birthday. Over the river in Chelsea, their father and greatest actor of his generation, Hazard turns 100 on the same day. As does his twin brother Peregrine. If, in fact, he's still alive. And if, in truth, Melchior is their real father after all... Wise Children is adapted for the stage from Michael Crichton's last novel about a theatrical family living in South London. It centres around twin chorus girls, Nora and Dora Chance, whose lives are brimming with mystery, illegitimacy and scandal. Dora tells the story as her older self, looking back on a tumultuous life, throughout which she and her sister have loved to sing and dance. A big, bawdy tangle of theatrical joy and heartbreak, Wise Children is a celebration of show business, family, forgiveness and hope. Expect show girls and Shakespeare, sex and scandal, music, mischief and mistaken identity – and butterflies by the thousand.

Educating Our Children for a Changing World

The Postmodern Chronotope

Bill's friend, Avis, is careful not to perform any magic tricks while grownups are around until the day Bill needs his life saved.

Gathers statements from children around the world and twenty noteworthy adults--including Archbishop Desmond Tutu, Walter Cronkite, and Frances Moore Lippmann--on behavior, peace and interpersonal relationships, and nature and the environment.

I am Heathcliff! Whatever our souls are made of, his and mine are the same. The Yorkshire moors tell an epic story of love, revenge and redemption. Rescued from the Liverpool docks as a child, Heathcliff is adopted by the Earnshaws and taken to live at Wuthering Heights. He finds a kindred spirit in Catherine Earnshaw and a fierce love ignites. When forced apart, a brutal chain of events is unleashed. Shot through with music, dance, passion and hope, Emma Rice transforms Emily Brontë's masterpiece into a powerful and uniquely theatrical experience. This edition was published to coincide with the world premiere at Bristol Old Vic in October 2021.

Envy, Rosemary Lloyd says, involves what one would like to have but does not; jealousy, what one has but fears losing. Lloyd demonstrates in Closer and Closer Apart how the passion unleashed by jealousy can illuminate such concepts as self and other, gender and society. Jealousy, in her view, exerts a powerful attraction in literature, partly because it distorts the individual's perceptions of the other in highly productive ways, and partly because it serves as paradigms for reading and for storytelling. In this accessible and elegantly crafted book, Lloyd explores sexual jealousy more as a literary device than as a literary theme. She draws her examples from novels, plays, and poetry spanning many years and from many countries, mainly nineteenth- and twentieth-century France and England but also Russia, Poland, Germany, Italy, the United States, Canada, and Australia. Among the writers she treats are Proust, Tolstoy, Dostoyevsky, Charlotte Brontë, Trollope, Barthes, and Baudelaire. After discussing various portraits of the jealous lover, Lloyd asks to what extent the literary experience of jealousy has been colored by conventional images of male and female roles. She also examines the ways in which the jealous lover deals with the "other" – whether beloved or rival. Finally, she looks at jealousy as a desire for control, represented through images of incorporation and possession.

Departing from earlier studies which regarded incest as a literary topos or dramatic metaphor foregrounding political, social, or legal issues, Words and deeds argues that the presence of incest on the Renaissance stage is a strategy for the enactment of the spectator's tragic experience. Incest is explored neither as a sin nor as a crime, but as an unspeakable experience filtered through dramatic words and deeds.

Jean Stafford's third and final novel, *The Catherine Wheel*, is a mordant tour de force concerning the gradual disintegration of a woman under pressures both societal and self-imposed. Katharine Congreve, a Boston society figure, is summering at her country house in Hawthorne, Maine, in the late 1930s, looking after the children of her cousin Maeve, as she does every year. Maeve and her husband, John Shipley, spend their summers in Europe, leaving their son and two daughters in Katharine's care, but something is different this time: Shipley has promised to leave his wife for Katharine if his failing marriage with Maeve can't be revived before the end of their vacation. Alone with the frivolous Honor and Harriet, teenage twins, and the younger Andrew, who seems to be hiding a private anguish of his own, Katharine must contend with her envy, her memories, her expectations, and her guilt. Under the watchful eyes of her charges and neighbors, a hint of madness is soon revealed at the heart of a happy, lazy New England summer. Presents a collection of the Founding Fathers famous quotes as culled from Poor Richards Almanack, his personal letters and other writings, and offers advice on subjects ranging from good citizenship and manners to friendship and happiness.

How to teach big understandings and the ideas that matter most Everyone has an opinion about education, and teachers face pressures from Common Core content standards, high-stakes testing, and countless other directions. But how do we know what today's learners will really need to know in the future? *Future Wise: Educating Our Children for a Changing World* is a toolkit for approaching that question with new insight. In *Future Wise*, you'll learn concepts, curriculum criteria, and techniques for prioritizing content so you can guide students toward the big understandings that matter. Understand how learners use knowledge in life after graduation Learn strategies for teaching critical thinking and addressing big questions Identify top priorities when it comes to disciplines and content areas Gain curriculum design skills that make the most of learning across the years of education *Future Wise* presents a brand new framework for thinking about education. Curriculum can be one of the hardest things for teachers and administrators to change, but David Perkins shows that only by reimagining what we teach can we lead students down the road to functional knowledge. *Future Wise* is the practical guidebook you need to embark on this important quest.

Much recent contemporary fiction by women has appropriated and adapted themes and plot structures found in Shakespearean drama. This is an innovative study of these texts. It considers novels by authors set in locations covering the globe.

In close to fifty sessions, the congress theme - "Shakespeare and the Twentieth Century" - allowed for critical approaches from many directions: through twentieth-century theater history on almost every continent; through a range of media representations from film to databases; through the changing theoretical models of the period that extend to the latest politically inflected readings; and through appropriations of the play-texts by modern art forms such as recent fiction.

Shakespeare in Children's Literature looks at the genre of Shakespeare-for-children, considering both adaptations of his plays and children's novels in which he appears as a character. Drawing on feminist theory and sociology, Hateley demonstrates how Shakespeare for children utilizes the ongoing cultural capital of "Shakespeare," and the pedagogical aspects of children's literature, to perpetuate

anachronistic forms of identity and authority.

What Every Adoptive Parent Needs to Know: Healing Your Child's Wounded Heart An Essential Resource for Adoptive Parents As a young couple, Dan and Cassie Richards thought they had finally fulfilled their dream of having a family after adopting a beautiful little boy and girl. While the children seemed happy on the outside, deep inside they were suffering from the hidden trauma that so many adopted children carry with them. Because of the rejection, neglect, and abandonment they experience in the first few months of life, some adopted children are imprinted with the subconscious belief that at their core they are unlovable and worthless, even if their new parents are nurturing and loving. **What Every Adoptive Parent Needs to Know** offers adoptive parents and parents-to-be a solution. By following the threads of the Richards' moving story, clarified by insightful analysis and practical advice from family therapist Kate Cremer-Vogel, readers of this compelling book discover it is never too late to heal the wounded heart of a child. This remarkable true-life story of raising two adopted children is a tale of hope and resilience, of two parents unprepared for their children's psychological wounds that only time would reveal. Most importantly, it shows that profound healing is possible when adoptive families realize that traditional parenting is not enough.

"I would regard myself as a feminist writer, because I'm a feminist in everything else and one can't compartmentalise these things in one's life." (Angela Carter)**"When I became a feminist in 1968, I felt that I'd come home: the first home I ever had that was feminine. And it was very wild and theatrical and erotic, the early feminism."** (Michèle Roberts) Angela Carter and Michèle Roberts share a keen interest in gender and sexual identity, but many of their topics seem to mark them as opposites: Roberts's fascination with the impact of religion, motherhood and autobiography on female identity covers areas that Carter shuns in her writings. In reading these two authors parallel and in contrast to each other, this monograph follows a triple objective: it provides a comprehensive critical introduction to the works of Roberts, explores aspects of Carter's work that have not yet been analyzed sufficiently (religion, motherhood, and masculinity), and uses both authors to explore motifs and strategies of feminist writing. The analyses of both authors' works are supplemented by close readings of a wide range of theoretical perspectives (especially French feminism and psychoanalysis) and concise theoretical outlines of the topics covered (radical feminism, religion, motherhood and fatherhood, masculinity, fairy tales, romances and chick lit, and history and auto/biography).

The Postmodern Chronotope is an innovative interdisciplinary study of the contemporary. It will be of special interest to anyone interested in relations between postmodernism, geography and contemporary fiction. Some claim that postmodernism questions history and historical bases to culture; some say it is about loss of affect, loss of depth models, and superficiality; others claim it follows from the conditions of post-industrial society; and others cite commodification of place, Disneyfication, simulation and post-tourist spectacle as evidence that postmodernism is wedded to late capitalism. Whatever postmodernism is, or turns out to have been, it is bound up in rethinking and reworking space and time, and Paul Smethurst's intervention here is to introduce the postmodern chronotope as a term through which these spatial and temporal shifts might be apprehended. The postmodern chronotope constitutes a postmodern world-view and postmodern way of seeing. In a sense it is the natural successor to a modernist way of seeing defined through cubism, montage and relativity. The book is arranged as follows: - Part 1 is an interdisciplinary study casting a wide net across a range of cultural, social and scientific activity, from chaos theory to cinema, from architecture to performance art, from IT to tourism. - Part 2 offers original readings of a selection of postmodern novels, including Graham Swift's Waterland and Out of this World, Peter Ackroyd's Hawksmoor and First Light, Alasdair Gray's Lanark, J. M. Coetzee's Foe, Marina Warner's Indigo, Caryl Phillips' Cambridge, and Don DeLillo's The Names and Ratner's Star.

Orphaned by the death of her grandmother and her father's disappearance, 9-year-old Wise Child is taken in by Juniper, a healer and sorceress. Soon enough, the young girl finds herself flourishing under Juniper's care—learning about herbal lore, and even introductory magic. But just as she begins to feel at home in the Scottish village, the girl's mother—the black witch Maeve—returns. Forced to choose between Maeve and Juniper, Wise Child has a difficult decision to make. She could stay with Juniper or leave with Maeve and adopt a life of luxury. In making her choice, Wise Child comes to discover her own growing supernatural powers and true loyalties. As the story unfolds, Maeve's evil magic—a mysterious plague—and the fears of villagers put Wise Child and Juniper in very real danger. Make sure you discover more about this fascinating world in Monica Furlong's classic prequel, Juniper.

In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. "Goodnight room, goodnight moon." And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, Goodnight Moon is a must for every bookshelf and a time-honored gift for baby showers and other special events.
